Three Presented Awards For Service At Wellsville

By HAROLD TAGGART

Three Wellsville residents were honored for service to the community Monday night during the ninth annual "Bosses' Night" dinner sponsored by the Jaycees in the SOI Hall.

Recognized were Donald Lowe, Civic Service Award; Nunzio Lombardozzi, Distinguished Service Award, and Jack Glover, Youth Fitness Award.

The Civic Service Award is presented to a resident over 35 "who has made the greatest contribution to the community during the past year."

—:—

LOWE, OF 1215 Parshall Rd., has been superintendent of the Wellsville School District since August 1967, a graduate of East Liverpool High School, he received his Bachelor of Science degree from Ohio University and Master of Education degree from the University of Pittsburgh. He has been associated with Wellsville schools for the past 16 years, serving as Industrial Arts teacher, assistant high school principal, principal of Daw Junior High School, supervisor of the cafeteria and transportation and athletic director.

He is a member of the Episcopal Church.

Lowe has served on the selection committee of the Citizens Scholarship Foundation; as clerk of the Civil Service Commission, and as Neighborhood Youth Corps summer project director.

He is married to the former Donna McShane of East Liverpool. They have three children.

He served with the Navy in the Phillipine theater of operations.

The Distinguished Service Award is presented the resident under 35.

LOMBARDOZZI, of 1218 Commerce St., is a foreman at the Midland Division of the Crucible Steel Co.

A member of the Jaycees since 1958, he has served as parliamentarian and chaplain, trustee and external and internal vice president.

He is also a member of the Knights of Columbus, Sons of Italy, Babe Ruth League, Men's Democrat Club and Columbiana County Democrat Club. He is active in the Immaculate Conception Church.

As a member of the Jaycees, he received the first "spoke" award earned by a member of the club, has received three spark plug awards, served as chairman of the Community Activity Calendar and basketball tournament director.

In 1968 he was selected as

Slots And Whisky Are Confiscated, 4 Arrests Made

West Virginia state police confiscated 11 slot machines, 44 bottles of whisky, nine bottles of champagne and arrested four persons Monday night during raids at the Cactus Bar on Route 30 and the Embassy Club, 3066 Main St., Weirton.

Troopers entered the Embassy Club at 10:45 and arrested Marie Dadsovich, 32, of 320 Greenbrier Rd., the proprietor, for keeping and exhibiting gaming devices. Patsy Pete, 42, of 3032 West St., the bartender, was arrested on the same charge.

Eleven slot machines taken from the Embassy Club included three 25-cent machines, five 10-cent machines and three 5-cent machines.

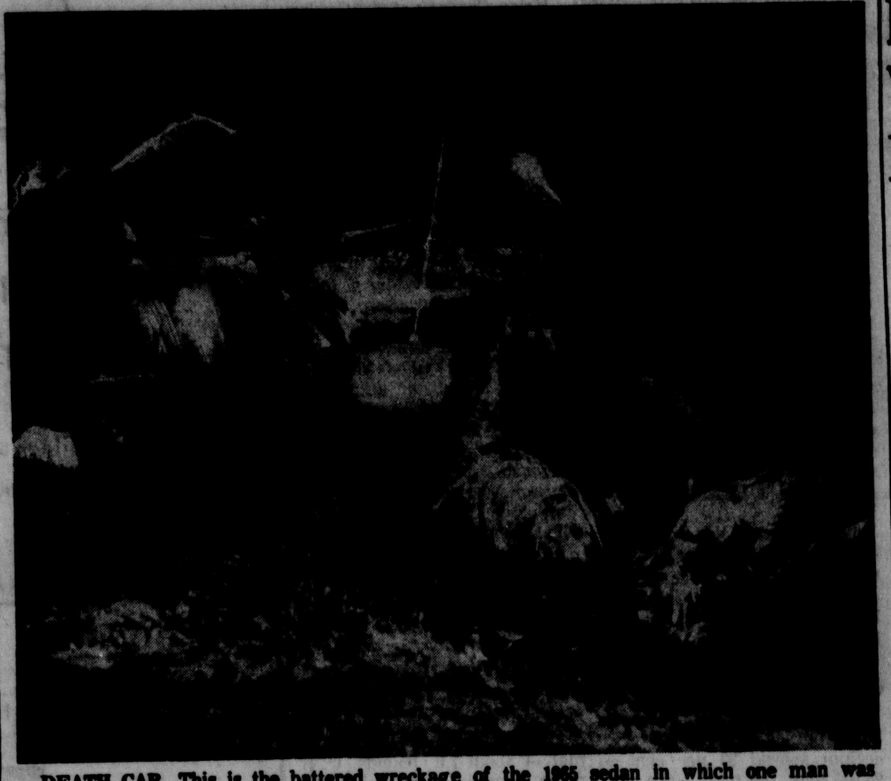

The Cactus Bar was entered by the troopers at the same time. Arrested were James Burns, 38, of Chester RD 1, for possession of alcohol and gaming devices, and Carole Jean Ambler, 25, of New Cumberland, charged with illegal sale of whisky. The establishment does not have a liquor license.

The troopers confiscated an electric clock, a dice table, a poker table, a blackjack table and playing cards.

The four were taken before squire Thomas Bellanco and posted bonds for preliminary hearings scheduled for Thursday.

Burns posted $1,000 bond and was charged on two counts. Miss

Man Killed, Second Hurt When Car Rams 2 Poles

A Portage County man was killed and his companion critically injured in a one-car mishap on Route 7 near the Route 213 intersection south of Wellsville this morning.

Elmer Hartt, 29, of Diamond was pronounced dead on arrival at City Hospital of a fractured skull and fractures of the legs.

In "poor" condition at Youngstown Southside Hospital was Robert Paugh Jr., 30, of Woodhurst Dr., Youngstown, who suffered a laceration of the forehead and possible brain injuries.

He was first taken to City Hospital, then transferred to Youngstown.

The Ohio Highway Patrol at Wintersville said it has not been established who was driving the 1965 sedan which careened along the highway and slammed into two utility poles a mile south of Wellsville at 3:40 a. m.

Officers said the car apparently went out of control on a left curve in the southbound lane, swerved back and forth, then went off the right side of the highway and hit a metal pole with the right rear and a wooden pole with the right front of the car.

The wooden pole was broken off and the right side of the car torn away, officers said. The car halted facing north.

Hartt was thrown from the auto by the impact. Paugh was found lying partly out of the car. Seat belts were not used, the patrol said.

The car was registered in Paugh's name, but officers were unable to determine who was driving.

3-Way Crash Hurts Man In Ambulance

Three persons were injured as the result of a collision involving three vehicles — one an ambulance carrying a man injured in another mishap—on Route 7 about a mile north of East Fairfield Monday at 6:16 p.m.

Officers of the Lisbon barracks of the Ohio Highway Patrol said Phillip F. Hergenrother, 52, of Ellwood City, Pa., was cited for driving while intoxicated as the aftermath of the mishap. The Hergenrother 1966 sedan was damaged heavily on the front, officers said.

The ambulance, owned by the Lisbon Volunteer Fire Department and driven by Thomas Sennanefes of 630 Thomas Rd., Lisbon, was battered on the left side and front, officers reported.

The third vehicle involved, a 1961 sedan driven by Mary E. Dixon of Struthers, received slight damage.

Treated at Salem City Hospital were Jack C. Watson, the accident victim in the ambulance, Hergenrother and John McCullough, 37, of 219 Washington St., Lisbon, an assistant in the ambulance.

Watson, of Elkton Rd., Columbiana, had been injured in a one - car mishap on Route

Holds Talks With Aides In Honolulu

Bears Down On Military Problems At Command Post

HONOLULU (AP) — President Johnson, pressing Hanoi for an early and serious response to Vietnam peace efforts, is also bearing down on military problems in conferences at the U.S. Pacific command post.

Johnson's schedule today centered on a visit to the hilltop headquarters, of Adm. U.S. Grant Sharp, the Pacific commander in chief who will retire in July. The President said he wanted to talk about the military situation in Vietnam with Sharp and his designated successor, Adm. John S. McCain.

The President gave North Vietnam a new peace prod Monday, soon after arriving in Honolulu.

As friends and critics vied for attention with shouts, chants and placards—the friends clearly were more numerous—Johnson reviewed peace efforts in an address from the steps of Iolani Palace, seat of the Hawaiian government. These efforts focus at this stage on finding a mutually acceptable preliminary meeting site.

Declaring "precious time is being lost," Johnson said:

"For us, this is not a propaganda exercise. We have sent serious and considered messages aimed at bringing about the earliest possible contact.

"What is needed today is an equally serious reply, reacting to our proposals for neutral sites or offering additional suggestions of neutral capitals where both of us have representatives and communications."

Several hours after Johnson spoke the official North Vietnamese Communist newspaper Nhan Dan said the United States showed "lack of good will" in turning down two sites Hanoi has proposed, Warsaw and Phnom Penh, Cambodia.

A Nhan Dan article brodcast from Hanoi flung back in the President's face his offer in the past to send U. S. negotiators anywhere at any time for talks.

"This statement is big-sounding and allows no misunderstanding," the article said. "Yet, after making many such statements the Johnson administration now changes tune.'

While here, Johnson said, he would discuss what he termed the twins paths to peace with the top military command and, on Wednesday, with President Chung Hee Park of South Korea, a somewhat restive ally

Mrs. Dunlop Quits Board For New Post In Hawaii

Mrs. Nessie R. Dunlop, a member of the city Board of Education the last six and a half years, resigned at Monday night's board meeting, explaining she will leave about June 1 for the island of Maui in Hawaii, where she will work for two years as an assistant to the Dean of Women at Mauna Olu College, counseling in the non-scholastic area.

The board will fill the vacancy by appointment.

School Supt. Paul Blair said the board must wait 10 days before acting. Then, he pointed out, members have 30 days in which to appoint a new member to fill the unexpired term.

Mrs. Dunlop's term was until Jan. 1, 1970.

Mrs. Dunlop was born in Motherwell, Scotland, and came to America and East Liverpool with her family in 1925.

In Scotland, she was graduated from Motherwell High School and attended Glasgow University for two years, studying business procedure.

After coming to the U.S., she married James Dunlop in 1926. He died in 1953. Soon after arriving here, she began working in the office of the D. M. Ogilvie Co., but after marriage and for the next 16 years she devoted herself to family and civic affairs, especially during World War II.

In 1943 she returned to Ogilvie's as credit manager, and remained until retirement in 1963.

During that period, she received four citations from the National Retail Merchants Association in New York, "for valued contributions toward the success of the annual conference and in furthering the development and dissemination of credit research."

She and two other credit managers wrote a book, "Effective Collection Methods and Control," published by the national merchants' organization in 1962.

In 1961, she was elected to the Board of Education, the first woman to serve in 35 years. After two years she announced her retirement from Ogilvie's to devote her attention to the operation of the schools.

She was president of the board for two years, vice president for three, and has served on every committee.

In 1964, Mrs. Dunlop was named "Woman of the Year" by the local Business and Professional Women's Club and in 1965 received, along with other state women, a state officers' citation from the BPW as being among the most outstanding women in government in Ohio. She was mentioned in Who's Who of American Women in 1964-65.

She has resided with her daughter and son-in-law, Nessie and Paul A. Davis at Highland Colony. She has two grandchildren.

She explained that Mauna Olu College currently is a two-year junior facility fully accredited as a liberal arts institution. Presently, there are 100 students, but the school has an immediate goal under a new build-

Phone Strike By 200,000 Set Thursday

WASHINGTON (AP) — Only a miracle can avert a nationwide strike of some 200,000 telephone workers next Thursday, says President Joseph A. Beirne of the AFL-CIO Communications Workers.

After a seven-hour meeting with the union's executive board Monday, Beirne said:

"The board is in full agreement that the strike appears inevitable at this point and that our position must be to press hard and unceasingly for the substantial general (wage) increase that our members both need and deserve."

Some 8,000 members of another union, the AFL-CIO International Brotherhood of Electrical Workers, are already on strike against the New Jersey Bell Telephone Co. and 14,00 members of Beirne's union are respecting the picket lines and refusing to work.

The New Jersey telephone company said supervisory personnel stayed on the job and there was no interruption of service to its 2.2 million customers when the strike began Monday.

Beirne conceded that a strike by his members would also have little immediate impact on most customers, except for long distance calls and other service requiring an operator, because of the highly automated nature of the nation's telephone system.

A 3 p.m. Thursday deadline for the strike would involve 23,000 telephone installers, whom the union is using to try to set a new wage pattern. They are the highest paid, averaging $3.27 an hour compared with an average of $2.79 for all telephone workers.

A strike by the installers would halt work on putting in new telephone equipment around the nation. They are employes of the Western Electric Co., the manufacturing subsidiary of Bell.

Also involved would be Bell System workers in Ohio, Illinois, North Dakota, South Dakota, Minnesota, Nebraska, Wisconsin, New Jersey, Michigan, Idaho, Indiana, Northern California, Nevada, Washington State and Washington, D.C.

CHARLES FLOWERS JR.
Serves In Vietnam.

Navy Engineman 2C Charles E. Flowers Jr., son of Mr. and Mrs. Charles E. Flowers of the Duke-Vodrey Rd., has returned to his duties on a river patrol boat after being confined to a hospital for three weeks in Vietnam.

He received shrapnel wounds of the arm, side and head Feb. 2. He recently was presented the Purple Heart. Flowers expects to be hospitalized again for further treatment.

He has four children — Edmund Flowers, William Flowers and Nancy Ann Flowers, all of East Liverpool and Shuford Flowers of Charlotte, N. C.

It Will Get Warmer, Forecast Promises

Warmer, though cloudy, weather is due for the district Wednesday following Monday night's readings which saw the mercury dip below freezing in some areas.

It was 32 in downtown East Liverpool early this morning.

The forecast calls for fair and not so cool tonight, with a low in the 40s, and for increasing cloudiness and warmer tomorrow.

Soviet Linkup Seen Opening 2 Programs

WASHINGTON (AP) — Western space experts believe the latest linkup of two Russian satellites has provided the Soviets with technical knowledge to move forward with two programs: to send men to the moon and to build a manned space station for military purposes.

The next step, expected soon, should be space dockings involving manned ships—a feat accomplished by America's Gemini astronauts as early as March 1966.

It is believed the Soyuz 1 flight last April was to have been the first Soviet space linkup. But the plans were upset when the spacecraft developed control and parachute problems that killed the cosmonaut pilot, Vladmimir M. Komarov.

While the Soyuz ship was being redesigned, the Soviets used the unmanned Cosmos 186 and 188 flights last October to gain their initial docking experience. They duplicated the exercise Monday with Cosmos 212 and 213.

The repeat may have been necessary because of problems which cropped up on the October test. American specialists said the Russian radar on the main satellite (186) lacked the long-range precision of that on the Gemini craft.

4 More U.S. Planes Lost In North Viet Air War

SAIGON (AP) — The air war against North Vietnam cost the United States four more planes Monday, two shot down over the southern panhandle and two lost when they collided in the air, military sources said today. Five of the fliers were reecued and one was lost.

A U.S. spokesman suggested the North Vietnamese may be moving more antiaircraft guns south to counter the increase in American bombing of the panhandle since President Johnson banned raids farther north.

The two planes shot down were Air Force F105s and both were hit near Dong Hoi, about 40 miles north of the demilitarized zone. The U.S. spokesman said antiaircraft fire around Dong Hoi was extremely heavy and possibly the enemy had been installing new weapons positions in the panhandle area.

Since President Johnson halted U.S. bombing north of the 20th Parallel on April 1 in an attempt to open peace discussions with Hanoi, U.S. pilots have more than doubled their usual number of daily raids on the panhandle.

One of the F105 pilots, Col. David W. Winn, 44, of Minneapolis, Minn., maneuvered his crippled Thunderchief 100 miles south over the South China Sea, bailed out at 18,000 feet, and was picked up by a "jolly green giant" helicopter.

The pilot of the second F105 is listed as missing in action.

Military sources said two Navy F4 Phantoms from carriers in the Tonkin Gulf collided

Grand Jury Returns; Report Slated Today

LISBON — Robert L. McClish of Salem has been named foreman of the Columbiana County grand jury, replacing Edward M. Thomas, also of Salem, who became ill Friday.

Judge Joel H. Sharp of Common Pleas Court, who had recessed the jury until this morning, administered the juror's oath Monday afternoon to Ellen Hill of Lisbon RD 5. Thomas notified the court yesterday he would be unable to return today.

Jurors had two more cases to consider when they convened this morning and were to inspect the County Jail before reporting to Judge Sharp.

Vodrey Picks East End Man As Patrolman

Safety - Service Director Robert E. Vodrey today announced appointment of a 22-year-old East End Navy veteran to a patrolman's vacancy on the police force.

Arthur Ira Peters of 1058½ Pennsylvania Ave., now employed by the Ohio Valley Gas Co., will assume the police post May 1. He was named to succeed Patrolman Samuel E. Hayes, who resigned about a month ago to accept private employment.

Peters was the top man on a three-man certified list given to the director by the Municipal Civil Service Commission. The police job pays $410 monthly for the first six months, then advances to $450.

The appointee is a son of Mr. and Mrs. Caesar Peters of Harker Ave. A veteran of six years Navy service, he is married and the father of three.

When Peters reports for duty, the force will be back to its full authorized strength of 20 patrolmen. Peters is working out a notice with his present employer.

The two planes shot down were Air Force F105s and both were hit near Dong Hoi, about 40 miles north of the demilitarized zone. The U.S. spokesman said antiaircraft fire around Dong Hoi was extremely heavy and possibly the enemy had been installing new weapons positions in the panhandle area.

Since President Johnson halted U.S. bombing north of the 20th Parallel on April 1 in an attempt to open peace discussions with Hanoi, U.S. pilots have more than doubled their usual number of daily raids on the panhandle.

One of the F105 pilots, Col. David W. Winn, 44, of Minneapolis, Minn., maneuvered his crippled Thunderchief 100 miles south over the South China Sea, bailed out at 18,000 feet, and was picked up by a "jolly green gaint" helicopter.

The pilot of the second F105 is listed as missing in action.

Grand Jury Returns; Report Slated Today

LISBON — Robert L. McClish of Salem has been named foreman of the Columbiana County grand jury, replacing Edward M. Thomas, also of Salem, who became ill Friday.

Judge Joel H. Sharp of Common Pleas Court, who had recessed the jury until this morning, administered the juror's oath Monday afternoon to Ellen Hill of Lisbon RD 5. Thomas notified the court yesterday he would be unable to return today.

Jurors had two more cases to consider when they convened this morning and were to inspect the County Jail before reporting to Judge Sharp.

Holds Talks With Aides In Honolulu

Bears Down On Military Problems At Command Post

HONOLULU (AP) — President Johnson, pressing Hanoi for an early and serious response to Vietnam peace efforts, is also bearing down on military problems in conferences at the U.S. Pacific command post.

Johnson's schedule today centered on a visit to the hilltop headquarters, of Adm. U.S. Grant Sharp, the Pacific commander in chief who will retire in July. The President said he wanted to talk about the military situation in Vietnam with Sharp and his designated successor, Adm. John S. McCain.

The President gave North Vietnam a new peace prod Monday, soon after arriving in Honolulu.

As friends and critics vied for attention with shouts, chants and placards—the friends clearly were more numerous—Johnson reviewed peace efforts in an address from the steps of Iolani Palace, seat of the Hawaiian government. These efforts focus at this stage on finding a mutually acceptable preliminary meeting site.

Declaring "precious time is being lost," Johnson said:

"For us, this is not a propaganda exercise. We have sent serious and considered messages aimed at bringing about the earliest possible contact.

"What is needed today is an equally serious reply, reacting to our proposals for neutral sites or offering additional suggestions of neutral capitals where both of us have representatives and communications."

Several hours after Johnson spoke the official North Vietnamese Communist newspaper Nhan Dan said the United States showed "lack of good will" in turning down two sites Hanoi has proposed, Warsaw and Phnom Penh, Cambodia.

A Nhan Dan article brodacast from Hanoi flung back in the President's face his offer in the past to send U. S. negotiators anywhere at any time for talks.

"This statement is big-sounding and allows no misunderstanding," the article said. "Yet, after making many such statements the Johnson administration now changes tune.'

While here, Johnson said, he would discuss what he termed the twins paths to peace with the top military command and, on Wednesday, with President Chung Hee Park of South Korea, a somewhat restive ally

Vodrey Picks East End Man As Patrolman

Safety - Service Director Robert E. Vodrey today announced appointment of a 28-year-old East End Navy veteran to a patrolman's vacancy on the police force.

Arthur Ira Peters of 1058½ Pennsylvania Ave., now employed by the Ohio Valley Gas Co., will assume the police post May 1. He was named to succeed Patrolman Samuel E. Hayes, who resigned about a month ago to accept private employment.

Peters was the top man on a three-man certified list given to the director by the Municipal Civil Service Commission. The police job pays $410 monthly for the first six months, then advances to $450.

The appointee is a son of Mr. and Mrs. Caesar Peters of Harker Ave. A veteran of six years Navy service, he is married and the father of three.

When Peters reports for duty, the force will be back to its full authorized strength of 20 patrolmen. Peters is working out a notice with his present employer.

Judge Appoints Citizens Unit To Study Riot Cases

CINCINNATI (AP)— Municipal Judge William Mathews has appointed a citizens committee to study riot-connected cases and to submit recommendations.

Mathews' action Monday follows a barrage of criticism from at least one group and several individuals — including Councilman John J. Gilligan— all contending that the municipal judges have dealt too harshly with those arrested.

Amount of bonds set in arrests made last Monday through Wednesday ranged from $2,500 to $10,000.

Six persons convicted on curfew violations were sentenced to one year in the workhouse and given $500 fines.

The latest attack against the court came Monday from the Coordinating Committee of Community Council.

Mrs. Garrie Ballard, council chairman, issued the statement: "Judges of the municipal court breed disrespect for the very law and order they are sworn to uphold.

"Right now in Cincinnati," she continued, "citizens are being kept in jail, punished, without being tried."

How Can I?

By ANNE ASHLEY

Q.—How can I do a neat filling-in job on deep, ugly-looking nail holes in a plastered wall?

A. — Mix up a little talcum powder or cornstarch with a few drops of water, force this into the holes, and smooth off around the edges with your fingertips.

Q.—Is there anything I can do about the small scratches on the glass tops of my furniture?

A. — Often helpful is the rubbing of toothpaste over the glass, followed by a polishing with a soft cloth.

Q. — How can I clean the gold or silver borders on dinner plates?

A. — By scrubbing with a dry toothbrush dipped in bicarbonate of soda. Or, dip a moist toothbrush into powdered alum and scrub with that. Let the alum stay on for a couple of hours before washing the plate.

Q. — How can I remove some of my children's crayon "artwork" from walls, woodwork, or floors?

A. — By rubbing them gently with a cloth dipped in lighter fluid.

Hanoi Makes 2 Top-Level Appointments

SAIGON (AP) — North Vietnam announced two high-level appointments today, arousing speculation in Saigon that they would be Hanoi's representatives at peace talks with the United States.

Hanoi broadcast the announcement that Xuan Thuy had been appointed a government minister and that Tran Quang Huy had been named chairman of the cultural and educational board of the premier's office.

Analysts of North Vietnamese affairs in Saigon, assessing the titles given the two men and their background, speculated that Thuy might head Hanoi's negotiating team and Huy might be its chief spokesman.

Thuy, 55, also known as Nguyen Xuan Thuy, was foreign minister of North Vietnam from 1963 to 1965 and more recently has been a member of the Communist Party central committee secretariat and head of the central committee's foreign relations department.

Driver Hurt In Car Plunge

LISBON — A local youth backed a car off the top of a ramp about 9:30 p. m. Monday and landed upside down on the Erie - Lackawanna Railroad tracks 20 feet below.

Chief of Police Leon T. Zahrndt said Daniel Duncan, 20, of 303 W. Maple St., was taken to Salem City Hospital for treatment of a back injury.

The "$500 car," owned by Charles Sauden of the same address, was a total loss, police said.

They said Duncan told them the car had been difficult to start lately so he was going to park it at the top of the ramp behind the Albco Foundry so he could get a running start in the morning.

He said he gunned the motor when he heard it miss and the next thing he knew the car shot off the top.

Police charged him with reckless operation and set his hearing for Monday night in mayor's court.

Police said Maud A. Hunter, 47, of 203½ W. Lincoln Way, pulled from a parked position at the west curb on N. Beaver St. and ran into the right side of a southbound 1967 pickup truck owned by the Bricker Construction Co. of Salem and driven by Thomas M. Griggs, 40, of Columbiana.

Police said Mrs. Hunter told them the truck turn signal was flashing and she thought it was going to turn left into a service station parking lot across the street. No one was cited.

Gov. Shafer To Be Asked Opinion On GOP Faction

Factions within the Beaver County Republican party have been fighting for some time for control of the GOP leadership and now efforts are being made to lay the problem in the lap of Gov. Raymond P. Shafer.

Russell O. Wright, a former county commissioner, was elected chairman of the county party. But, a recently - organized group called the Republican Coordinating Committee of Beaver County is challenging his authority.

Commissioner George T. Pettibon and Louis Dannecker of Beaver are co-chairmen of the new organization.

Last week the Coordinating Committee received a telegram from Chauncey Jordan, Pennsylvania GOP chairman. The faction claims Jordan has taken party control from Wright and placed it in their hands.

Wright says the telegram is "ambiguous." He has requested a meeting with Shafer and Jordan to clarify the action.

The elected party group today issued a statement declaring its intention of carrying the fight to Harrisburg. In part it says, "We do not believe the governor wants to defranchise the duly-elected committeemen and women of Beaver County. The Republican Coordinating Committee is mainly the same group that lost the chairmanship election the last three times. The majority is not even committee members. Moreover, the group seems to be more interested in firing than hiring and has set out to break the back of Russell O. Wright, duly elected chairman."

Party officials also state they feel the state chairman has made a mistake in taking a position without having met with the leaders of the so - called factions.

Jordan in his telegram said, "I have decided that all party matters will be determined by the state chairman. The future of the Republican Party in Beaver County rests on new leadership — not factionalism."

It was this part the Coordinating Committee has read to mean that Wright has been ousted as party chairman and will not be recognized by state leaders.

Police Battle With Leftists

FRANKFURT, Germany (AP) — Police battled leftist demonstrators in the streets around the Axel Springer publishing plants in Frankfurt and Munich Monday night as thousands of students tried to prevent distribution of today's newspapers.

More than 150 demonstrators were arrested as student rioting spread to West Germany. Thirty demonstrators were reported seriously injured.

West Berlin was free of student violence Monday for the first time since the attempted assassination there last Thursday of Rudi Dutschke, 28-year-old leader of the Socialist Student Federation, or SDS. But more than 2,000 West Berlin students held a nonviolent demonstration under the watchful eyes of police with water cannon.

Dutschke, hospitalized with three bullet wounds, was reported out of immediate danger. A house painter accused of shooting him, 23-year-old Josef Bachmann, was wounded by the police who captured him and was reported in good condition at the same hospital.

Springer, the biggest newspaper and magazine publisher in continental Europe, has long been a target of leftist students because of his conservative editorial policy. The SDS claims attacks in the Springer papers on Germany's dissatisfied leftist students were an indirect incitement to the attack on Dutschke.

A casualty of Monday's fight at the Springer plant in Munich was Associated Press photographer Klaufn Frings.

How Can I?

By ANNE ASHLEY

Q.—How can I do a neat filling-in job on deep, ugly-looking nail holes in a plastered wall?

A. — Mix up a little talcum powder or cornstarch with a few drops of water, force this into the holes, and smooth off around the edges with your fingertips.

Q.—Is there anything I can do about the small scratches on the glass tops of my furniture?

A. — Often helpful is the rubbing of toothpaste over the glass, followed by a polishing with a soft cloth.

Q. — How can I clean the gold or silver borders on dinner plates?

A. — By scrubbing with a dry toothbrush dipped in bicarbonate of soda. Or, dip a moist toothbrush into powdered alum and scrub with that. Let the alum stay on for a couple of hours before washing the plate.

Q. — How can I remove some of my children's crayon "artwork" from walls, woodwork, or floors?

A. — By rubbing them gently with a cloth dipped in lighter fluid.

Hanoi Makes 2 Top-Level Appointments

SAIGON (AP) — North Vietnam announced two high-level appointments today, arousing speculation in Saigon that they would be Hanoi's representatives at peace talks with the United States.

Hanoi broadcast the announcement that Xuan Thuy had been appointed a government minister and that Tran Quang Huy had been named chairman of the cultural and educational board of the premier's office.

Analysts of North Vietnamese affairs in Saigon, assessing the titles given the two men and their background, speculated that Thuy might head Hanoi's negotiating team and Huy might be its chief spokesman.

Thuy, 55, also known as Nguyen Xuan Thuy, was foreign minister of North Vietnam from 1963 to 1965 and more recently has been a member of the Communist Party central committee secretariat and head of the central committee's foreign relations department.

Driver Hurt In Car Plunge

LISBON — A local youth backed a car off the top of a ramp about 9:30 p. m. Monday and landed upside down on the Erie - Lackawanna Railroad tracks 20 feet below.

Chief of Police Leon T. Zahrndt said Daniel Duncan, 20, of 303 W. Maple St., was taken to Salem City Hospital for treatment of a back injury.

The "$500 car," owned by Charles Sauden of the same address, was a total loss, police said.

They said Duncan told them the car had been difficult to start lately so he was going to park it at the top of the ramp behind the Albco Foundry so he could get a running start in the morning.

He said he gunned the motor when he heard it miss and the next thing he knew the car shot off the top.

Police charged him with reckless operation and set his hearing for Monday night in mayor's court.

Police said Maud A. Hunter, 47, of 203½ W. Lincoln Way, pulled from a parked position at the west curb on N. Beaver St. and ran into the right side of a southbound 1967 pickup truck owned by the Bricker Construction Co. of Salem and driven by Thomas M. Griggs, 40, of Columbiana.

Police said Mrs. Hunter told them the truck turn signal was flashing and she thought it was going to turn left into a service station parking lot across the street. No one was cited.

In Beaver County

Gov. Shafer To Be Asked Opinion On GOP Faction

Factions within the Beaver County Republican party have been fighting for some time for control of the GOP leadership and now efforts are being made to lay the problem in the lap of Gov. Raymond P. Shafer.

Russell O. Wright, a former county commissioner, was elected chairman of the county party. But, a recently - organized group called the Republican Coordinating Committee of Beaver County is challenging his authority.

Commissioner George T. Pettibon and Louis Dannecker of Beaver are co-chairmen of the new organization.

Last week the Coordinating Committee received a telegram from Chauncey Jordan, Pennsylvania GOP chairman. The faction claims Jordan has taken party control from Wright and placed it in their hands.

Wright says the telegram is "ambiguous." He has requested a meeting with Shafer and Jordan to clarify the action.

The elected party group today issued a statement declaring its intention of carrying the fight to Harrisburg. In part it says, "We do not believe the governor wants to defranchise the duly-elected committeemen and women of Beaver County. The Republican Coordinating Committee is mainly the same group that lost the chairmanship election the last three times. The majority is not even committee members. Moreover, the group seems to be more interested in firing than hiring and has set out to break the back of Russell O. Wright, duly elected chairman."

Party officials also state they feel the state chairman has made a mistake in taking a position without having met with the leaders of the so - called factions.

Jordan in his telegram said, "I have decided that all party matters will be determined by the state chairman. The future of the Republican Party in Beaver County rests on new leadership — not factionalism."

It was this part the Coordinating Committee has read to mean that Wright has been ousted as party chairman and will not be recognized by state leaders.

Negotiation Nuances

Reports that "war talk" within the city of Hanoi, itself, is dwindling come as welcome and encouraging news.

Although the upcoming negotiations are fraught with danger and pitfalls are to be expected along the road to peace, the very fact that the mood is "peace" in the North Vietnamese capital is heartening.

The Reds, who have a real "thing" about the bombing of their country, apparently were caught flat-footed by President Johnson's order to drastically restrict this phase of the war effort.

The "unconditional bombing halt" has been the prime prerequisite for peace talks all along in the view of the North Vietnamese. When it finally came, it took Ho Chi Minh and his advisers two days to believe it and respond.

It can be reasonably assumed that the North Vietnamese will drive a hard bargain at the conference table. With both Russia and China kibitzing, they hardly can do otherwise.

Supplied, aided and actually kept alive by the Soviet Union and China, North Vietnam has problems of its own in trying to tiptoe around any definite allegiance to either of the two powerful Communist states.

Western observers who have visited North Vietnam recently have gotten the impression, rightly or wrongly, that the tiny country is not waging war for an ideology so much as for survival, and that it is fighting so fiercely because it is intoxicated with nationalism.

If these observations are correct, it behooves our negotiators to have this uppermost in their minds when they sit down to talk terms.

Both desire for survival and the pride of nationalism are motivations which rouse the emotions to the highest level. And it is much easier to sustain a high level of emotion based on these motives than when your battle slogan is "aggression must not pay."

Our negotiators will need consummate understanding.

Taxes: The Old Shell Game

Now that most taxpayers have met and conquered the April 15 federal income tax deadline, a period of sobering reflection has started.

Many taxpayers bit down hard on their pencils while transforming a year's hard labor, skimping and saving into a series of figures for a computer to scan and make sure the proper amount of blood was donated.

Many a forehead was rubbed as a bewildered taxpayer tried to make sense out a program of federal economics that takes in more revenue each year and comes out with a larger deficit and a bigger national debt.

To hear government officials tell it, a tax increase is the only way to get more revenue.

Statistics show that increasing personal income and increasing corporation profits can turn into a big revenue boost for the government during a single fiscal year.

Look at fiscal 1967 for example. Total internal revenue income for the year — individual and corporate taxes — was up 15.1 per cent over fiscal 1966. Receipts jumped from $129.8 billion to $148.4 billion.

Figures are not available for fiscal 1968 but with all the juicy contracts negotiated by labor $19.5 billion increase from the last fiscal year, it will fall into the bottomless pit of federal spending, never to be heard from again.

It makes go to hire more government employes to assist some of the do-nothings already on the job.

Maybe it will go to beef up staffs at American missions abroad where people already are falling over each other in an effort to get an impossible program moving.

It may be all used up in handing out political plums in the form of high-paying administrative jobs to people who have only one qualification — record of hard work in the right party.

In the face of government waste, special favors, a growing government payroll and yearly increases in revenue, the present administration has the gall to propose a puny tax increase as a balancing factor in the ridiculous economic picture — and when congressmen are hesitant about approving it, President Johnson's lieutenants have the audacity to say those legislators are responsible for this nation's economic plight.

Every taxpayer should file his April tax reflections where they will be easy to get to when he is ready to make his November decision about who is to guide the destiny of this country.

'Bug' Of Yesteryear

Arrival of warm weather as recently as ten years ago brought apprehension in homes across the tri-state area of the possibility of polio striking some member of a family.

Last Friday's anniversary of the licensing of the Salk polio vaccine served as a reminder of the tremendous success achieved by the medical profession in wiping out the dread disease.

The Salk vaccine, first approved in 1955, and the oral Sabin vaccine, licensed in 1962, have virtually stamped out the crippler; the number of paralytic cases in the U.S. was reduced from 18,308 in 1954 to a mere 41 last year. City and county health department aides here could not recall the last reported case in Columbiana County.

Although the Salk vaccine has been replaced in great degree by the oral vaccine, both deserve a sincere thanks from mothers, fathers and children who no longer have to face the fear of death or deformity from the "bug" of yesteryear.

Is Life Simple After All

Scientists headed by Dr. Sidney W. Fox, a biochemist at the University of Miami (Fla.) Institute of Molecular Evolution, believe they may, at least, have solved the mystery of how life began.

In doing so, they used processes which upset traditional thinking as to how the earth's first life came into existence three billion years ago.

Assuming that the process which led to life was simple rather than exceedingly complex as had been thought, Dr. Fox and his associates apparently have achieved in the laboratory the creation of simple particles representative of protein from which life today could have evolved.

These lab-produced cell-like structures can feed themselves, grow and reproduce.

The scientists say the forces which triggered the processes are environmental and were readily available on primitive earth as well as on the earth of today. The raw materials were gases and water.

Assuming that life can start as easily as now seems possible, Dr. Fox observed that the simple conditions required for its generation can very likely exist on other planets.

If life is simple to start, rather than being very complicated, then it would seem the odds for life on other planets should jump astronomically since a relatively few physical conditions would have to be met instead of a great number.

Man's pursuit of the power to create life, other than by his own procreative ability, rushes on apace. When the full impact of it is brought home, it will cause a great upheaval in traditional thought and belief that will not soon subside.

Combat Criteria

Controversies over foreign policy, Justification of fighting in Southeast Asia and Conflicts on domestic issues fade into total insignificance for our men within 300 yards of the enemy in Vietnam.

It is in this critical zone of death that the American soldier faces himself, his companions and the truths of battle, using his skills and his loyalties to do what he is supposed to do—as a professional fighting man.

The awarding of the Bronze Star to Spec. 4 Robert Keys for "heroism against a hostile force" is an example of the courage and the devotion to fellow soldiers exhibited daily in Vietnam.

When his unit came under intense attack by a north Viet company, Keys left his tracked vehicle and headed toward the enemy, firing his weapon and tossing grenades. While moving upon a bunker, he spotted two Viet Cong about to shoot at his platoon leader, and he opened up on the pair to protect the unsuspecting officer.

These are the acts by which men judge one another in combat—not by political beliefs, not color, not creed, but by meeting responsibilities to the tasks and to each other for which no medal can compensate.

Hanoi Lays Down The Ground Rules

Neither Snow, Rain...

By Art Buchwald

WASHINGTON — When the looting in Washington started last week, the first thing Bobby Kennedy did was throw a brick through a White House window and steal Postmaster General Larry O'Brien.

Art Buchwald

This left President Johnson without a postmaster general for the rest of his term.

It is not generally known, but President Johnson's one ambition before leaving the Executive Mansion is to save the United States post office.

And so when O'Brien was looted Mr. Johnson called in Marvin Watson, his loyal White House aide.

"Marvin, I've been watching you lately and the thing I admire most about you is the way you handle the mail."

"THANK YOU, sir. I was a four-letter man at college."

"No jokes, Marvin. You heard of course, that Larry O'Brien is no longer with us."

"Yes, sir. I saw him going over the fence during the riots, but I decided not to stop him."

"Why not, Marvin?"

"Well, you said to stop people trying to get into the White House, but you didn't mention anything about stopping people trying to get out."

"I see. Well, Marvin, O'Brien's departure has left us with a big hole in the post office. We have a billion-dollar deficit, and I was hoping Larry could make it up by January."

"I thought he was going to sell the post office," Marvin said.

"The only one who made a bid on it was Howard Hughes, but he said he wouldn't take it unless we sold him Arizona and California at the same time. He figured the two would go nicely with Nevada."

"I feel sorry for the poor sucker who would have to take over the post office at this time."

The President didn't say anything.

"Mr. President," Watson said, "what are you looking at me that way for?"

"MARVIN, when I leave this place I want to go down in history as the President who saved the United States post office. I want people to say Lyndon Johnson was willing to sacrifice his political career to give every man, woman and child in this country a ZIP code. I want them to say that neither snow nor rain nor heat nor gloom of night kept the President from making his appointed rounds."

"That's beautiful, Mr. President," Watson said writing it down for his future book.

"I have selected you, Marvin, to be the new postmaster general. By appointing you, the country will realize that I consider the postmaster general's office above politics and that I am truly searching for a just solution to our junk mail crisis."

Watson was terribly moved. "Mr. President, you know I'm willing to serve you in any capacity you ask. I shall take on the job, and if I can't save the country a billion dollars in the next seven months, I'll resign in January."

"I knew you'd do it, Marvin. The country will never realize the debt they owe to you. If you can do nothing more than keep the hippies from delivering mail in San Francisco, it will be a step in the right direction."

"DON'T WORRY, sir, I've got some definite ideas on what to do. For a start we could put in a mail cover on Kennedy headquarters, then we could . . ."

"Marvin," the President said, "we've got to stay out of politics. A postmaster general must remain neutral in word, thought and deed."

"I guess you're right, Mr. President," Marvin said sadly. "Well, could I at least jam their postage meter machine"

Letter To The Editor

EDITOR OF THE REVIEW:

Before the political party policies of head men Neipp and O'Grady of the Ohio Democratic Executive Committee do any more harm to the Democrat party of Ohio, they should reappraise their responsibilities.

Particularly in the light of the reported $18,000 a year salary paid out of the hundreds of little contributions given by loyal working people to support an impartial state headquarters in primary elections.

If they don't change their policies quickly, they will make it appear that pressure groups have taken over the party in Ohio.

Evidence is the Trojan horse action taken against Sen. Lausche which has all the earmarks of the pressure groups that have never been able to make him a yes man for their self - interests.

Further evidence is the current content of the official party's newsletters which attack Lausche in the same elegant fashion one would expect from Pravda when they decide to conduct a political purge.

If these fellows think that the Democrats of Ohio do not have a high regard for political propriety, or do not recognize the pressure groups behind their Trojan horse action and if they think their Pravda type copylends credibilite ot their false charges against Sen. Lausche, then they can be further charged with political artlessness.

Lausche they can not deny re-nomination.

Democrats who wish to keep our party free and who read your paper could withhold their contributions to state headquarters this year and spend their money locally the way they want it spent, which in most cases would be to re-nominate Lausche.

Then work for a new leadership at state headquarters which will understand that a political party must transcend pressure groups or become their servant. Before it is too late, we must restore the high standard of political integrity, responsibility and impartiality which characterized our party's policies when Lausche was our Governor. 18Th District Dems should encourage Don Gomey to become State Chairman.

Election 'Ifs'

While President Johnson has taken himself out of the race for the Democratic presidential nomination, he has by no means made clear whether he will make a determined effort to help Vice President Hubert Humphrey become the choice of his party at the Democratic National Convention. If Mr. Johnson adopts a passive attitude, this will benefit Sen. Robert F. Kennedy at the convention.

Political analysts are inclined to think the delegates behind Sen. Eugene McCarthy will eventually be found in the Kennedy camp. Up till now, the Minnesota senator has played a useful role for the Kennedy cause. He took a positive position against the renomination of President Johnson and criticized many of the policies of the current administration.

Certainly when the Kennedy-McCarthy movement was started, it was based on the idea that Mr. Johnson had not been a satisfactory president, either with respect to Vietnam or certain domestic policies.

IF SEN. Kennedy were nominated, it would be impractical, of course, for him to continue to criticize the Johnson administration. Indeed, he would have to defend the party's record if only to help Democratic candidates for congress to win.

The Republican party, on the other hand, will emphasize the mistakes of the Democratic administration and will argue that another Democratic president is bound to continue the existing policies.

The slogan often used in presidential campaigns is: "It's time for a change." Mr. Johnson's withdrawal from the race has already assured a change in the White House, but this does not necessarily mean the Democratic party's policies will be changed. The Republican party will undoubtedly urge the voters to cast their ballots for a complete change through Republican control of both the White House and Congress.

Mr. Johnson's withdrawal has helped the Republicans in one respect. There always is a natural tendency on the part of many voters to support the incumbent administration so as to avoid a change especially at a time when a war is going on. But since Mr. Johnson will be leav the White House anyhow, a new set of policies may be offered by the Democrats as well as the Republicans. Irrespective of promises and pledges for the future, however, the electorate registers its protest and expresses dissatisfaction with current policies by voting against the party in power.

While much can happen between now and November, domestic issues may become predominant. Voters will be asked to decide whether they want another four years of large expenditures and inflationary trends. The election will probably see a considerable shift of votes from one party to the other. A large number of Democrats will desert their party; and, if Mr. Nixon is the Republican presidential nominee, he could sweep the South, particularly if Sen. Kennedy is the Democratic nominee.

IN THE populous states, the Democrats will have a better chance — especially in the big cities. For if Sen. Kennedy is the nominee of the Democrats, he will doubtless have an organization formed in close connection with the state and local party bosses. He has had experience in developing political strength at the grass roots. He very nearly obtained the vice-presidential nomination for his brother in 1956, and then directed John F. Kennedy's successful campaign for the presidency in 1960. So it looks now as if the Kennedy machine, with its intimate affiliation with many local organizations, will be able to make a strong race for the presidency.

If Vice President Humphrey, on the other hand, should succeed in getting the nomination, he would make a spectacular campaign. He probably would come closer to defeating Mr. Nixon in November than any of the current aspirants for the Democratic nomination. The outlook today is for a close race for the nomination between Sen. Kennedy and Vice President Humphrey. Whichever way it turns out, there will be a lot of division within the party. This, too, may be reflected in the subsequent voting for the presidency itself.

Negotiation Nuances

Reports that "war talk" within the city of Hanoi, itself, is dwindling come as welcome and encouraging news.

Although the upcoming negotiations are fraught with danger and pitfalls are to be expected along the road to peace, the very fact that the mood is "peace" in the North Vietnamese capital is heartening.

The Reds, who have a real "thing" about the bombing of their country, apparently were caught flat-footed by President Johnson's order to drastically restrict this phase of the war effort.

The "unconditional bombing halt" has been the prime prerequisite for peace talks all along in the view of the North Vietnamese. When it finally came, it took Ho Chi Minh and his advisers two days to believe it and respond.

It can be reasonably assumed that the North Vietnamese will drive a hard bargain at the conference table. With both Russia and China kibitzing, they hardly can do otherwise.

Supplied, aided and actually kept alive by the Soviet Union and China, North Vietnam has problems of its own in trying to tiptoe around any definite allegiance to either of the two powerful Communist states.

Western observers who have visited North Vietnam recently have gotten the impression, rightly or wrongly, that the tiny country is not waging war for an ideology so much as for survival, and that it is fighting so fiercely because it is intoxicated with nationalism.

If these observations are correct, it behooves our negotiators to have this uppermost in their minds when they sit down to talk terms.

Both desire for survival and the pride of nationalism are motivations which rouse the emotions to the highest level. And it is much easier to sustain a high level of emotion based on these motives than when your battle slogan is "aggression must not pay."

Our negotiators will need consummate understanding.

Taxes: The Old Shell Game

Now that most taxpayers have met and conquered the April 15 federal income tax deadline, a period of sobering reflection has started.

Many taxpayers bit down hard on their pencils while transforming a year's hard labor, scrimping and saving into a series of figures for a computer to scan and make sure the proper amount of blood was donated.

Many a firehead was rubbed as a bewildered taxpayer tried to make sense out a program of federal economics that takes in more revenue each year and comes out with a larger deficit and a bigger national debt.

To hear government officials tell it, a tax increase is the only way to get more revenue.

Statistics show that increasing personal income and increasing corporation profits can turn into a big revenue boost for the government during a single fiscal year.

Look at fiscal 1967 for example. Total internal revenue income for the year — individual and corporate taxes — was up 15.1 per cent over fiscal 1966. Receipts jumped from $129.8 billion to $148.4 billion.

Figures are not available for fiscal 1968 but with all the juicy contracts negotiated by labor $19.5 billion increase from the last fiscal year, it will fall into the bottomless pit of federal spending, never to be heard from again.

It makes go to hire more government employes to assist some of the do-nothings already on the job.

Maybe it will go to beef up staffs at American missions abroad where people already are falling over each other in an effort to get an impossible program moving.

It may be all used up in handing out political plums in the form of high-paying administrative jobs to people who have only one qualification — record of hard work in the right party.

In the face of government waste, special favors, a growing government payroll and yearly increases in revenue, the present administration has the gall to propose a puny tax increase as a balancing factor in the ridiculous economic picture — and when congressmen are hesitant about approving it, President Johnson's lieutenants have the audacity to say those legislators are responsible for this nation's economic plight.

Every taxpayer should file his April tax reflections where they will be easy to get to when he is ready to make his November decision about who is to guide the destiny of this country.

'Bug' Of Yesteryear

Arrival of warm weather as recently as ten years ago brought apprehension in homes across the tri-state area of the possibility of polio striking some member of a family.

Last Friday's anniversary of the licensing of the Salk polio vaccine served as a reminder of the tremendous success achieved by the medical profession in wiping out the dread disease.

The Salk vaccine, first approved in 1955, and the oral Sabin vaccine, licensed in 1962, have virtually stamped out the crippler; the number of paralytic cases in the U.S. was reduced from 18,308 in 1954 to a mere 41 last year. City and county health department aides here could not recall the last reported case in Columbiana County.

Although the Salk vaccine has been replaced in great degree by the oral vaccine, both deserve a sincere thanks from mothers, fathers and children who no longer have to face the fear of death or deformity from the "bug" of yesteryear.

Is Life Simple After All

Scientists headed by Dr. Sidney W. Fox, a biochemist at the University of Miami (Fla.) Institute of Molecular Evolution, believe they may, at least, have solved the mystery of how life began.

In doing so, they used processes which upset traditional thinking as to how the earth's first life came into existence three billion years ago.

Assuming that the process which led to life was simple rather than exceedingly complex as had been thought, Dr. Fox and his associates apparently have achieved in the laboratory the creation of simple particles representative of prelife from which life today could have evolved.

These lab-produced cell-like structures can feed themselves, grow and reproduce.

The scientists say the forces which triggered these processes are environmental and were readily available on primitive earth as well as on the earth of today. The raw materials were gas, heat and water.

Assuming that life can start as easily as now seems possible, Dr. Fox observed that the simple conditions required for its generation can very well exist on other planets.

If life is simple to start, rather than being very complicated, then it would seem the odds for life on other planets should jump astronomically. For a relatively few physical conditions would have to be met instead of a great number.

Man's pursuit of the power to create life, other than by his own procreative ability, rushes on apace. When the full impact of it is brought home, it will cause a great upheaval in traditional thought and belief that will not soon subside.

Combat Criteria

Controversies over foreign policy, Justification of fighting in Southeast Asia and Conflicts on domestic issues fade into total insignificance for our men within 300 yards of the enemy in Vietnam.

It is in this critical zone of death that the American soldier faces himself, his companions and the truths of battle, using his skills and his loyalties to do what he is supposed to do—as a professional fighting man.

The awarding of the Bronze Star to Spec. 4 Robert Keys for "heroism against a hostile force" is an example of the courage and the devotion to fellow soldiers exhibited daily in Vietnam.

When his unit came under intense attack by a north Viet company, Keys left his tracked vehicle and headed toward the enemy, firing his weapon and tossing grenades. While moving upon a bunker, he spotted two Viet Cong about to shoot at his platoon leader, and he opened up on the pair to protect the unsuspecting officer.

These are the acts by which men judge one another in combat—not by political beliefs, not color, not creed, but by meeting responsibilities to the tasks and to each other for which no medal can compensate.

Hanoi Lays Down The Ground Rules

Neither Snow, Rain...

By Art Buchwald

WASHINGTON — When the looting in Washington started last week, the first thing Bobby Kennedy did was throw a brick through a White House window and steal Postmaster General Larry O'Brien.

Art Buchwald

This left President Johnson without a postmaster general for the rest of his term.

It is not generally known, but President Johnson's one ambition before leaving the Executive Mansion is to save the United States post office.

And so when O'Brien was looted Mr. Johnson called in Marvin Watson, his loyal White House aide.

"Marvin, I've been watching you lately and the thing I admire most about you is the way you handle the mail."

"THANK YOU, sir. I was a four-letter man at college."

"No jokes, Marvin. You heard of course, that Larry O'Brien is no longer with us."

"Yes, sir. I saw him going over the fence during the riots, but I decided not to stop him."

"Why not, Marvin?"

"Well, you said to stop people trying to get into the White House, but you didn't mention anything about stopping people trying to get out."

"I see. Well, Marvin, O'Brien's departure has left us with a big hole in the post office. We have a billion-dollar deficit, and I was hoping Larry could make it up by January."

"I thought he was going to sell the post office," Marvin said.

"The only one who made a bid on it was Howard Hughes, but he said he wouldn't take it unless we sold him Arizona and California at the same time. He figured the two would go nicely with Nevada."

"I feel sorry for the poor sucker who would have to take over the post office at this time."

The President didn't say anything.

"Mr. President," Watson said, "what are you looking at me that way for?"

"MARVIN, when I leave this place I want to go down in history as the President who saved the United States post office. I want people to say Lyndon Johnson was willing to sacrifice his political career to give every man, woman and child in this country a ZIP code. I want them to say that neither snow nor rain nor heat nor gloom of night kept the President from making his appointed rounds."

"That's beautiful, Mr. President," Watson said writing it down for his future book.

"I have selected you, Marvin, to be the new postmaster general. By appointing you, the country will realize that I consider the postmaster general's office above politics and that I am truly searching for a just solution to our junk mail crisis."

Watson was terribly moved. "Mr. President, you know I'm willing to serve you in any capacity you ask. I shall take on the job, and if I can't save the country a billion dollars in the next seven months, I'll resign in January."

"I knew you'd do it, Marvin. The country will never realize the debt they owe to you. If you can do nothing more than keep the hippies from delivering mail in San Francisco, it will be a step in the right direction."

"DON'T WORRY, sir, I've got some definite ideas on what to do. For a start we could put in a mail cover on Kennedy headquarters, then we could . . ."

"Marvin," the President said, "we've got to stay out of politics. A postmaster general must remain neutral in word, thought and deed."

"I guess you're right, Mr. President," Marvin said sadly. "Well, could I at least jam their postage meter machine"

ing program of 500 pupils and a long-range goal of 1,000 students and a four-year curriculum.

In a prepared statement, making her resignation public, Mrs. Dunlop said:

"As the board is already aware, I am resigning this evening after serving our school system six and a half years.

"To the citizens of this community, my grateful thanks for giving me the opportunity to serve them. This has been an experience and education that I will always cherish as an important part of my life.

"The new school buildings will be ready for occupany by September. You will then have the finest facilities in this part of the state.

"Our administrators are dedicated to their profession. They have a well-planned academic program suitable for every student — the slow learner, the average and the better than average. This is not just a program for today, but for the next five to 10 years.

"Theirs is not an eight-hour job, but required much time after school hours.

"Our teachers are doing an outstanding job. Working with young people is not easy, however, each new day is another challenge for teacher and student.

"The athletic program is one of the finest in the state and is well supported by our community. Here also there is long-range planning on the drawing board.

"The most important part of our school system is the student. He is being trained to be the citizen of tomorrow. I have watched him from first grade through graduation from high school — from the timidness of first grade to the pride and sureness of himself when he received his high school diploma.

"The foundation for a fine education is in our school system; many, many of our students have realized this. Graduates from our high school hold positions of responsibility all over the United States, in fact, all over the world.

"There are those who have remained in this district, doing a fine job. We have good reason to be proud of our young people. . . ."

"There has been no one more devoted than Mrs. Dunlop", Harry McConville commented. "Hawaii's gain is East Liverpool's loss."

Board President Sam Brown said action on a new member will begin during the next meeting of the board.

Legion Post 374 Makes Plans For Bowling Events

A session of the County Bowling League will be held Sunday in Park Way Lanes, Alliance, Vince McGeehan, bowling chairman for American Legion Post 374 of East End, said during a meeting of the post Monday night.

Comdr. Densel McKinney presented checks won by the teams and individuals at the state bowling tournament in February and March at Newark.

The Auxiliary will hold a bowling banquet for the Ohio Valley Bowling League May 17.

James Cregar, 10th District commander, reported on the coming spring conference at Doylestown.

William Reagle, Americanism officer, said the flag pole at the Colt baseball field will be renovated before the league opener.

Robert Nutter, trustee, reported on the progress of planting shrubs in front of the post home.

Kenneth Youst, first vice commander, announced the membership has reached 555.

A moment of silence was observed for William Means, a deceased member.

The next meeting will be Monday at 8 p. m.

St. Clair Mishap Damages 2 Cars

Two cars were damaged in a collision Monday at 8:44 p.m. on St. Clair Ave. at Midway Ln., police reported.

The mishap involved a 1961 four-door sedan driven by David Hall of 812 St. John St. and a 1965 four-door sedan operated by Mrs. Stella C. Birnbaum of 2799 St. Clair Ave.

Hall told police he was driving south on St. Clair when a car ahead of him slowed to make a left turn. He started to pass the other car on the right-hand side when the collision occurred, he said. Mrs. Birnbaum related she was driving north. She said she started a left turn and an approaching auto also was making a left turn when Hall passed the oncoming auto and the collision resulted.

Check Slated On Reservoir For Midland

Filling a 1½-million gallon water reservoir at Midland was to begin today for testing.

Don Craik, manager of the Midland Water Authority, said it will require three days to fill. If no problems develop, the new tank will be drained and painted inside and out. The tank is located at the top of 8th St. hill.

Craik said the Pittsburgh Testing Laboratories had tested the welds with X-ray during construction. The 150,000 gallon reservoir on Midland Heights has been pressed into service.

Craik said officials of the Economic Development Agency visited Midland last week to inspect the water project and expressed satisfaction with the progress.

Craik said the $342,000 project is about 85 per cent finished. Mid-May has been set as the completion date.

The remaining 15 per cent includes grading and seeding around reservoirs and a slag road. The authority asked Charles J. Loll, a certified public accountant, to conduct an audit of EDA funds.

The authority heard reports on the work during a meeting Monday night. Rudy Presutti, chairman, presided.

Bills were paid, including $34,577, water; $3,495, sewage, and $378, parking.

Engineer Named To Plan Work On 2 Small Bridges

LISBON — County commissioners Monday authorized John Ursu, county engineer, to employ Mosure & Fok, Youngstown consulting engineers, to prepare detailed plans, specifications and cost estimates for two bridge jobs.

Structures to be replaced this summer are a small slab top bridge on Route 39 at Salineville, 1,000 feet inside the Columbiana - Carroll County line, and a small truss bridge on Knox Township Rd. 714 (Westville Lake Rd.) southwest of North Georgetown.

The county will supply the plans for a new small bridge at Salineville and pay 25 per cent of construction costs. The state has agreed to let the contract and take care of all other expenses, Ursu said.

The Knox Township bridge will be replaced by a twin-pipe structure, he added.

In their resolution, commissioners specified that the cost of preparing construction plans, including borings, shall not exceed $8,000 for both bridges.

Breathes Like Man

NEW YORK — Research engineers have developed an experimental machine that breathes. It inhales fresh air and exhales warm, moist air full of carbon dioxide — all at the same rate as a man. However, it takes a box about 7 feet high, 14 feet wide and 2 feet deep to do what the human lungs and throat do.

Crucible Calls First Quarter Best In Years

The Crucible Steel Co. at Pittsburgh has reported its best first quarter since 1959.

Net earnings have climbed more than 24 per cent, to 85 cents per share, compared with 68 cents per share for the same period in 1967.

While sales were down nearly 2½ per cent to $76,446,000 from $78,403,000 last year, net earnings increased to $3,610,000, compared with $2,906,000 a year ago.

Crucible President John C. Lobb credited the firm's improved performance to better cost control. "We are beginning to feel the effects of eliminating our unprofitable foreign operations and dropping certain unprofitable product lines," he said.

Driver Fined After Mishap

An 18-year-old Hancock County youth whose auto was involved in a traffic mishap near Dixonville April 7 was fined $25 and costs today in Municipal Court on reckless driving charge.

Albert D. Bragg of New Cumberland RD 2 was cited by the Ohio Highway Patrol on Dewey Ave. Ext. after a two - way crash on a curve.

Meanwhile, Judge Samuel M. Chertoff granted a continuance until Thursday in the case of David L. Springer, 18, of the River Rd., charged with driving an auto without displaying license tags.

Springer was cited Monday at 5:29 p. m. on the River Rd. by Patrolman Karl Samples. He told the judge he bought the car about 10 minutes earlier in Newell and intended to drive it home without tags. The judge told him to obtain registration for the car, then return to court Thursday.

Charles A. Furman of Warrensville forfeied a $17.50 bond on a charge of operating a tractor - trailer with an insecure load. He was cited Monday at 1:45 p. m. on Elizabeth St. at Pennsylvania Ave. by Patrolman Orin C. Smith. The court issued a bench warrant for Furman on a second charge of operating the rig without displaying a PUCO tax decal. The charge was filed by William K. Leishman, a state inspector.

Robert Barber, 34, of Wampum, Pa., forfeited a $27.50 bond on a charge of failure to produce a registration certificate for a truck. He was cited by the patrol Monday at 3 p. m. on Route 30.

Irondale Man Faces Hearing In Collision

An Irondale man, charged with failure to stop after an accident and operating a motor vehicle without a driver's license, is scheduled to appear before County Court Judge Michael Button in County Court No. 2 this week.

Cited Saturday as the result of a string of collisions in and near Bergholz, Howard F. Winland, 29, of Irondale RD 1 was instructed to appear in court Thursday.

Officers of the Ohio Highway Patrol at Wintersville cited Winland after his 1960 sedan, eastbound on 2nd St. in Bergholz, crossed to the left side and hit a 1966 compact and then a 1967 sedan.

Mrs. Dunlop Quits Board For New Post In Hawaii

(Continued from Page 1)

ing program of 500 pupils and a long-range goal of 1,000 students and a four-year curriculum.

In a prepared statement, making her resignation public, Mrs. Dunlop said:

"As the board is already aware, I am resigning this evening after serving our school system six and a half years.

"To the citizens of this community, my grateful thanks for giving me the opportunity to serve them. This has been an experience and education that I will always cherish as an important part of my life.

"The new school buildings will be ready for occupany by September. You will then have the finest facilities in this part of the state.

"Our administrators are dedicated to their profession. They have a well-planned academic program suitable for every student — the slow learner, the average and the better than average. This is not just a program for today, but for the next five to 10 years.

"Theirs is not an eight-hour job, but required much time after school hours.

"Our teachers are doing an outstanding job. Working with young people is not easy, however, each new day is another challenge for teacher and student.

"The athletic program is one of the finest in the state and is well supported by our community. Here also there is long-range planning on the drawing board.

"The most important part of our school system is the student. He is being trained to be the citizen of tomorrow. I have watched him from first grade through graduation from high school — from the timidness of first grade to the pride and sureness of himself when he received his high school diploma.

"The foundation for a fine education is in our school system; many, many of our students have realized this. Graduates from our high school hold positions of responsibility all over the United States, in fact, all over the world.

"There are those who have remained in this district, doing a fine job. We have good reason to be proud of our young people. . . ."

"There has been no one more devoted than Mrs. Dunlop", Harry McConville commented. "Hawaii's gain is East Liverpool's loss."

Board President Sam Brown said action on a new member will begin during the next meeting of the board.

Legion Post 374 Makes Plans For Bowling Events

A session of the County Bowling League will be held Sunday in Park Way Lanes, Alliance, Vince McGeehan, bowling chairman for American Legion Post 374 of East End, said during a meeting of the post Monday night.

Comdr. Densel McKinney presented checks won by the teams and individuals at the state bowling tournament in February and March at Newark.

The Auxiliary will hold a bowling banquet for the Ohio Valley Bowling League May 17.

James Cregar, 10th District commander, reported on the coming spring conference at Doylestown.

William Reagle, Americanism officer, said the flag pole at the Colt baseball field will be renovated before the league opener.

Robert Nutter, trustee, reported on the progress of planting shrubs in front of the post home.

Kenneth Youst, first vice commander, announced the membership has reached 555.

A moment of silence was observed for William Means, a deceased member.

The next meeting will be Monday at 8 p. m.

St. Clair Mishap Damages 2 Cars

Two cars were damaged in a collision Monday at 8:44 p.m. on St. Clair Ave. at Midway Ln., police reported.

The mishap involved a 1961 four-door sedan driven by David Hall of 812 St. John St. and a 1965 four-door sedan operated by Mrs. Stella C. Birnbaum of 2799 St. Clair Ave.

Hall told police he was driving south on St. Clair when a car ahead of him slowed to make a left turn. He started to pass the other car on the right-hand side when the collision occurred, he said. Mrs. Birnbaum related she was driving north. She said she started a left turn and an approaching auto also was making a left turn when Hall passed the oncoming auto and the collision resulted.

Check Slated On Reservoir For Midland

Filling a 1½-million gallon water reservoir at Midland was to begin today for testing.

Don Craik, manager of the Midland Water Authority, said it will require three days to fill. If no problems develop, the new tank will be drained and painted inside and out. The tank is located at the top of 8th St. hill.

Craik said the Pittsburgh Testing Laboratories had tested the welds with X-ray during construction. The 150,000 gallon reservoir on Midland Heights has been pressed into service.

Craik said officials of the Economic Development Agency visited Midland last week to inspect the water project and expressed satisfaction with the progress.

Craik said the $342,000 project is about 85 per cent finished. Mid-May has been set as the completion date.

The remaining 15 per cent includes grading and seeding around reservoirs and a slag road. The authority asked Charles J. Loll, a certified public accountant, to conduct an audit of EDA funds.

The authority heard reports on the work during a meeting Monday night. Rudy Presutti, chairman, presided.

Bills were paid, including $34,577, water; $3,495, sewage, and $378, parking.

Engineer Named To Plan Work On 2 Small Bridges

LISBON — County commissioners Monday authorized John Ursu, county engineer, to employ Mosure & Fok, Youngstown consulting engineers, to prepare detailed plans, specifications and cost estimates for two bridge jobs.

Structures to be replaced this summer are a small slab top bridge on Route 39 at Salineville, 1,000 feet inside the Columbiana - Carroll County line, and a small truss bridge on Knox Township Rd. 714 (Westville Lake Rd.) southwest of North Georgetown.

The county will supply the plans for a new small bridge at Salineville and pay 25 per cent of construction costs. The state has agreed to let the contract and take care of all other expenses, Ursu said.

The Knox Township bridge will be replaced by a twin-pipe structure, he added.

In their resolution, commissioners specified that the cost of preparing construction plans, including borings, shall not exceed $8,000 for both bridges.

FROM HELOISE

'Gadget' Has Many Uses

DEAR HELOISE: Just what do you do with the pretty little round, plastic gadget that is in the center of a roll of cellophane tape? It's an absolute shame to throw them away. Got any ideas?

STINGY.

-:-

Heloise

Well, they make wonderful play toys for tots. They can be stacked or rolled on the floor. They make lovely bathtub toys, too. Most of them float!

If you have no children, the only thing I know of which I do with mine, is tie them on the end of those tricky venetian blind pulls. If you're half asleep in the morning you can grab the cord and run your hand down it until you feel that little round thing dangling.

It can also be used on your drapery pulls. I put red fingernail polish on the "open" pull and they're easily spotted. When I want the curtain open, I know to grab that red gadget. The other one I left plain.

If you all have any more ideas, why don't you pick up that ole pencil and write to me care of this newspaper. Sure would love to hear from you. God bless you all.

HELOISE.

DEAR HELOISE: I'm nine and love to cook.

It dawned on me recently that almost every recipe calls for sifted flour, so I decided to sift the entire package before I put it in the flour canister.

Saves me a great deal of time when needed later.

KATHY KLAUS.

DEAR HELOISE: I read the hint about rubbing soap inside your new shoes to keep those blisters from poppin' out.

But I have a question:

What happens in warm weather if your feet start to perspire and bubbles come blowing out of your shoes?

Well, I guess even if you do see a few bubbles oozing out, you won't have blisters!

WONDERING.

DEAR HELOISE: The biscuit covering on a meat pie or fruit cobbler always seems to brown too much on top and the underside is soggy or even a bit doughy.

Experimenting recently, I turned the biscuits upside down after about two-thirds of the baking time. It worked!

I've used this method several times now and the biscuits are always perfect, light and delicious.

MRS. E. MacDOWALL.

-:-

Indeed it does work.

You're a genius to figure that one out, gal.

HELOISE.

DEAR HELOISE: My houseguests were so pleased over the unique toothbrush holders I provided for them in each of my bathrooms that they suggested I tell you about them.

These are glass "frogs" which most people use for flower arrangements.

They make neat and pretty toothbrush holders. Colorful too, if the colors of the toothbrush handles are considered.

Some of these holders are dome-shaped and others are flat, but all are of heavy glass.

If the handles of the toothbrushes are a little thick to fit the holes, just file them slightly with an emery board.

MRS. F. A. STEVENS.

DEAR FOLKS: For those who do not have disposals and rinse their dishes under the water faucet before putting them in the dishpan, may I suggest something?

Place a tea strainer (they come in all sizes) over that hole in the bottom of your sink. This will catch that gluk-glock — the tiny particles — which ordinarily go down the drain pipes and tend to stop them up. . .

All you have to do after all the water drains through is pick up the strainer and throw the contents in your garbage.

Sure will save having a plugged-up drain and perhaps a plumber's bill later.

HELOISE.

151 Get Early Ballots For May 7 Primaries

Issuance of absentee ballots for the May 7 primaries stood at 151 Monday, the County Election Board reported.

Forty - four of the "early" ballots were issued to civilians who will be outside Columbiana County and at least 10 miles from their home precincts on election day. The remaining 107 were issued under Ohio's "soldier voting" law, which makes ballots available to service personnel and their spouses and civilians residing temporarily outside the U.S.

Issuance of civilian absentee and disabled voters' ballots will close May 2 at 4 p.m. The "soldier ballots" may be issued until noon on May 4.

Cleveland Gets Grant To Fight Pollution

WASHINGTON (AP)—A $325,162 grant to Cleveland, Ohio, for an experimental program aimed at reducing water pollution from combined sewers and restoring Lake Erie beaches was approved Monday by the Water Pollution Control Administration.

Various methods will be tried to reduce overflows from combined storm and sanitary sewers; to screen the overflows and to treat them; and to flush the sewers during dry weather.

ANN LANDERS

Age Margin Too Large

By Ann Landers

Dear Ann Landers: I'll make it brief and to the point. My age 36: Background: Married twice. First marriage to a man twice my age. (I was 16.) My mother pushed me into it because she thought he was rich. I said okay because I thought he was kind. We were both wrong. The third time he broke my nose I divorced him.

My second marriage lasted two years. My husband drank vodka martinis for breakfast with beer chasers. He worked for the city and had a fatal accident at work. I'm sure he was smashed on the job, but they paid off nicely and I got a generous settlement.

I bought a small cafe three years ago and have been doing very well. The problem: A 19-year-old boy applied for a job four months ago and I hired him. He is handsome, hard-working, and I think we're in love. He's very grownup for his age and looks a lot older than he is. The Army won't take him because he has a steel plate in his head.

He wants to marry me. What do you think? — ANGIE.

-:-

Dear Angie: The kid has a steel plate in his head. What's YOUR excuse?

A fellow 19 should be looking for a girl 17. If you are smart you'll help him find one. Where's his mother, anyway?

Foul Ball

Dear Ann: I'm a 13-year-old boy who thinks your advice stinks. Why did you tell that 12-year-old kid he's better off staying in the house practicing the piano, which he hates, than being out in the fresh air playing ball with the gang?

Any doctor will tell you that you're wrong. Also this kid's chances of becoming a great ball player are a lot better than his chances of becoming a great piano player because he said in his letter he loves baseball and hates the piano.

I used to think you were on the side of us kids, but now I think you're a crabby old lady. — FORMER FRIEND.

-:-

Dear Former: I doubt seriously that the boy is in danger of becoming either a great pianist or a great ball player. That, however, is beside the point. What I had in mind was discipline.

Unfortunately, too many kids are allowed to do only what is easy, convenient or pleasant and practicing piano is not usually on the list. Got it straight now, Buddy?

Bad Timing

Dear Ann: My husband and I were married at a small family wedding. I knew I was pergnant at the time, and figured I was about three months along. As it turned out, I was in my fifth month.

We left the city shortly after the wedding and now we live about 600 miles away from our families. My mother knows I'm pregnant but she has no idea how pregnant I am.

The baby is due in about two weeks and I'm undecided as to whether I should notify our parents when the baby arrives or wait a few months. What's your advice? — INFANTICIPATING.

-:-

Dear In: Notify your parents when the baby arrives. It's unrealistic to think you can keep an event like this a secret. If you attempt to lop off five months from the baby's age when you take him home, or when someone comes to visit, you will make a fool of yourself.

Confidentially

To Need To Find the Right Words: You've found the right words, but you're telling them to the wrong person. Your daughter is a spoiled, selfish gimme-pig and an accomplished moocher — the result of 24 years of practice. Tell her she must pay her own bills and solve her own problems.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

HINTS FROM HELOISE

'Gadget' Has Many Uses

DEAR HELOISE: Just what do you do with the pretty little round, plastic gadget that is in the center of a roll of cellophane tape? It's an absolute shame to throw them away. Got any ideas?

STINGY.

Heloise

-:-

Well, they make wonderful play toys for tots. They can be stacked or rolled on the floor. They make lovely bathtub toys, too. Most of them float!

If you have no children, the only thing I know of which I do with mine, is tie them on the end of those tricky venetian blind pulls. If you're half asleep in the morning you can grab the cord and run your hand down it until you feel that little round thing dangling.

It can also be used on your drapery pulls. I put red fingernail polish on the "open" pull and they're easily spotted. When I want the curtain open, I know to grab that red gadget. The other one I left plain.

If you all have any more ideas, why don't you pick up that ole pencil and write to me care of this newspaper. Sure would love to hear from you. God bless you all.

HELOISE.

DEAR HELOISE: I'm nine and love to cook.

It dawned on me recently that almost every recipe calls for sifted flour, so I decided to sift the entire package before I put it in the flour canister.

Saves me a great deal of time when needed later.

KATHY KLAUS.

DEAR HELOISE: I read the hint about rubbing soap inside your new shoes to keep those blisters from poppin' out.

But I have a question:

What happens in warm weather if your feet start to perspire and bubbles come blowing out of your shoes?

Well, I guess even if you do see a few bubbles oozing out, you won't have blisters!

WONDERING.

DEAR HELOISE: The biscuit covering on a meat pie or fruit cobbler always seems to brown too much on top and the underside is soggy or even a bit doughy.

Experimenting recently, I turned the biscuits upside down after about two-thirds of the baking time. It worked!

I've used this method several times now and the biscuits are always perfect, light and delicious.

MRS. E. MacDOWALL.

-:-

Indeed it does work.

You're a genius to figure that one out, gal.

HELOISE.

DEAR HELOISE: My houseguests were so pleased over the unique toothbrush holders I provided for them in each of my bathrooms that they suggested I tell you about them.

These are glass "frogs" which most people use for flower arrangements.

They make neat and pretty toothbrush holders. Colorful too, if the colors of the toothbrush handles are considered.

Some of these holders are dome-shaped and others are flat, but all are of heavy glass.

If the handles of the toothbrushes are a little thick to fit the holes, just file them slightly with an emery board.

MRS. F. A. STEVENS.

DEAR FOLKS: For those who do not have disposals and rinse their dishes under the water faucet before putting them in the dishpan, may I suggest something?

Place a tea strainer (they come in all sizes) over that hole in the bottom of your sink. This will catch that gluk-glock — the tiny particles — which ordinarily go down the drain pipes and tend to stop them up. . .

All you have to do after all the water drains through is pick up the strainer and throw the contents in your garbage.

Sure will save having a plugged-up drain and perhaps a plumber's bill later.

HELOISE.

Kevin McAdoo, 8, son of Mr. and Mrs. Kenneth McAdoo of Broadway, Wellsville, is convalescing at home after a tonsillectomy Friday at City Hospital.

Mrs. Helen Powell of Main St., Wellsville, is a patient at Osteopathic Hospital.

City Requests Offers For Razing Buildings

Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey will open bids at City Hall at noon May 3 for demolition of three buildings on a W. 6th St. site that was donated to the city late in 1967 to allow expansion of an off - street parking lot.

The tract was contributed to the city by W. Leland Thompson of Park Blvd. It will allow enlargement of the off - street parking lot directly opposite City Hall. The buildings formerly were occupied by the Michels Barbershop, Nationwide Insurance Co. and Weston's Meat Market.

At the same time, the officials will receive bids on blacktop surfacing of the parking area.

Two Fined By Herron In Traffic Violations

NEW CUMBERLAND — Two motorists were fined Monday before Squire John D. Herron.

Earl Lundy, 35, of New Cumberland was fined $10 and costs on two charges of improper plates and not having an inspection sticker.

Phillip S. Orlansky, 23, of Weirton was fined $10 and costs for speeding and drew the same fine for improper plates. Both were cited by West Virginia state police.

Spaniels Were No. 1

NEW YORK — Cocker spaniels were the most popular breed in America from 1936 until 1953, when beagles took over. Poodles now are the most popular.

517 about six miles east of Lisbon, officers said.

The mishap occurred when Watson's 1964 convertible, westbound, went out of control on a curve, slid off the left side of the roadway into a ditch, continued into a field and rolled over.

The car traveled 310 feet out of control, the patrol reported.

The convertible was demolished, officers said, and Watson was cited for speeding in view of conditions.

Another accident investigated by the patrol Monday involved two cars on the Old Steubenville Rd. about a mile south of Route 518.

Officers said John Wilson, 21, of Wellsville RD 1 was cited after his 1960 coach southbound, swerved left to avoid a parked car and hit a northbound 1965 sedan.

David E. Detcheon, 13, a passenger in the sedan operated by Charles E. Roberts, 32, of Salineville RD 1, complained of injuries but was not treated.

southeast of Vinh, a North Vietnamese city about 145 miles north of the demilitarized zone, but all four crewmen parachuted into the gulf out of reach of enemy ground troops. Navy helicopters quickly rescued them.

The four planes raised the total number lost in the air war against North Vietnam to 825. They were the first planes reported down in the North in two weeks, since an Air Force F4 was downed April 2 the day after Johnson's curtailment order.

Overcast skies spawned the lingering northeast monsoons limited U.S. pilots to 88 missions against North Vietnam Monday, a big drop from the 143 the day before.

For the 12th consecutive day, the American bombers stayed below the 19th Parallel, with the northernmost penetration a strike by Navy bombers on a causeway one mile below the parallel.

Other attacks were made on supply routes, antiaircraft sites, and truck convoys.

Over South Vietnam, Air Force B52 bombers flew nine missions against enemy buildup, supply, service and recuperation areas along the Cambodian border 56 to 59 miles northwest of Saigon and in the A Shau Valley west of Hue.

South of the A Shau Valley in the central highlands, a North Vietnamese attack was reported near the Cambodian border and a U.S. spokesman warned "This is a potentially hot area."

After a heavy five-minute mortar barrage, the enemy "opened up from all sides" with automatic weapons and small arms Monday on a company of American infantrymen.

The Americans pulled back to their patrol base half a mile south of the spot where they came under attack in mountainous jungle 19 miles west of Kontum City and 15 miles from the Cambodian border.

Seevers Made President Of Lions Club At Newell

James Seevers, Newell postal employe, was elevated to the presidency of the Newell Lions Club at a meeting Monday night in the IOOF hall.

Other officers, who will assume their duties in July, include: Clarence Broomhall, first vice president; Gerald Giger, second vice president; Gail May, third vice president; Richard Smith, secretary; Don Linger, assistant secretary; Lloyd Nalley, Lion tamer; Ronald Eckleberry, tail twister Joe Geisse, Ed Tice and Elmer Keller Jr., directors.

It was reported all brooms were sold in the two-hour canvass of the community.

Several members and their wives will attend the zone dinner at Weirton Friday evening.

Richard Brenneman presented E. R. Chandler, executive secretary of the East Liverpool Area Chamber of Commerce, who reported on problems pertaining to the Chester and Newell bridges. He also discussed problems encountered in obtaining new industry for the area.

The next meeting will be May 13.

Revenge May Follow Theft At Cockfight

A possible "revenge" incident is anticipated in the aftermath of a reported holdup of a cockfight in a Salineville district barn over the weekend.

Between $6,000 and $8,000 is believed to have been taken by six men who interrupted the illegal cockfight off Route 644 north of Salineville early Sunday morning.

Three more men were reported outside of the barn as part of the holdup operation. The site is in Carroll County, authorities said.

Neither Carroll County nor Columbiana County sheriff's departments had official reports of the incident, naturally enough, since the robbed patrons were unwilling to risk prosecution for taking part in such a contest.

Besides losing their wagering money, patrons reported they were forced to give up watches, rings and other valuables. Those who happened to be outside the barn when the gunmen arrived, were herded inside.

A few of those attending were able to slip away, one patron reported.

Some reports indicated a machine gun was part of the armament of the bandits.

One man close to the cock fighting operations hinted some of the gunmen were recognized, and there might be some "revenge" reaction.

Raids

(Continued from Page 1)

Ambler, Mrs. Dadsovich and Pete all posted $500 bonds.

The raids were led by Cpl. R. R. Truex of the Weirton barracks. He was assisted by troopers from the Moundsville and Wellsburg detachments.

Man Forfeits Bond In Alleged Stabbing

Terry Wayne McKinney of East Liverpool forfeited $32.50 bond when he failed to appear Monday night before Mayor Burton Ward of Chester.

McKinney was charged with assault and battery following an argument with Verna Jenkins of Homestead Ave. last Wednesday on Railroad St. in Chester.

The woman said that she was stabbed in the arm by McKinney. He was arrested by Chester police.

Jefferson Wife Sues In Alleged Beating Of Mate

COLUMBUS, Ohio (AP)— A Jefferson County woman filed a $4.75 million suit in federal court here Monday, including Zanesville police among the defendants in the alleged beating of her husband last year.

Mrs. Robert Fishell of Wintersville sued as wife and guardian of her husband, whom she says is unable to care for himself and suffers from psychic disturbances. The suit contends he was beaten without cause by Zanesville police.

Fishell went to Zanesville to compete in a bowling tournament with the Nelson Oil team of Steubenville April 15, 1967, and was arrested in a Zanesville bar that night, the suit says. It alleges that he was clubbed and hit with a blackjack by police at the bar and after being taken from the bar.

Quintuplets In Iran Reported Doing Fine

TEHRAN, Iran (AP) — Quintuplets—three boys and two girls—born Saturday to an Iranian farmer and his 35-year-old wife were "doing fine" today in a town accessible only by mule, Tehran newspapers reported.

The babies were reported to have been delivered by a midwife in Lalan, a village near Kaliber in a mountainous region near the Soviet border. A mule team of health officials and newsmen was en its way to Lalan.

The newspaper Ettelaat said the quints' mother Zahra, and her 45-year-old husband, Mohammad, have been married for four years and have two other children.

Bills To Spur Proposals Of Riot Group

WASHINGTON (AP) — Legislation will be introduced in the Senate this week aimed at a start on enactment of White House riot commission's recommendations that would cost an estimated $360 billion over a decade.

Sen. Edward W. Brooke, R-Mass., a commission member, plans to introduce bills Wednesday to make a limited, low-cost start on the recommendations, including a congressional study of a plan for a guaranteed annual income.

He also will propose federal incentives to eliminate racial imbalance in schools and the denial of federal aid to school districts that decline to abolish such imbalance.

Other Brooke proposals will include:

—A change in distribution of federal education funds to redirect $1.2 billion exclusively toward low-income school districts.

—A congressional study of the welfare system to "hopefully prepare the Congress for a thorough and imaginative reconstruction of our presently inadequate public assistance programs."

—Extension of antidiscrimination provisions in employment to all federal, state and local government agencies.

—Relaxation in qualifications for Small Business Administration loans in slum areas.

Brooke did not estimate the cost of his proposals but aides said it would run to thousands, rather than millions of dollars. They said he avoided introducing more costly measures because of congressional resistance to new spending programs.

Instead, Brooke hopes for several small victories to put Congress on record in favor of eventual massive urban reconstruction, the aides said.

Fuel Needs To Rise

WASHINGTON — A Bureau of Mines study, which assumed no major changes in technology, concluded that the United States will consume 2.5 billion more barrels of liquid fuel in 1980 than in 1965, an increase of 7 million barrels a day. The study also forecast the additional requirement of 8.5 trillion cubic feet of natural gas by 1980, a rise of 24 billion cubic feet a day.

She will succeed Mrs. Helen Yeager of Columbiana RD 2, who resigned. Mrs. Wenderoth was graduated from Salem City Hospital School of Nursing in 1945 and presently is working part time at the hospital. She and her husband, Richard R. Wenderoth, reside at 255 E. Park Ave.

County commissioners approved the hiring yesterday on the recommendation of Dr. M. K. Singer, clinic medical director.

The clinic's monthly summary shows that 119 chest X-rays, 190 Mantoux tests and 2,028 Heaf tests were given during March. Nurses made 122 visits. There were five consultations with Dr. Singer. Eight patients were placed on medication at home, bringing the total in that department to 140.

No new cases were reported last month. The county has four patients in hospitals — two in veterans' hospitals and two at the Ohio Tuberculosis Hospital.

Local Resident Wins 2 Awards

An East Liverpool resident, a sophomore journalism major at Ohio University, Athens, has received a second- and third - place award in two categories of sports - writing competition conducted by the Ohio College Newspaper Association.

He is Phil Fuhrer of 317 Thompson Ave., a son of Mr. and Mrs. Philip A. Fuhrer.

Fuhrer received recognition for his work as assistant sports editor of The Post, student newspaper. He placed second in competition for the best sports story published by a student newspaper during the 1967-68 academic year and third for the best continuing sports column.

The awards were presented during the annual convention of the association this month in Cincinnati. Twenty - six college newspapers are members.

'Hill Rd.' Project Obtains Sanction

Council gave approval Monday night to an ordinance clearing the way for a $5,000 Ohio Highway Department project scheduled to correct faults in the pavement in a 792-foot stretch along the Pennsylvania Ave "Hill Rd."

The project calls for raising the level of pavement which has sunk below the level of the rest of the roadway. The leveling will be accojplished by applying a seven - inch course of new blacktop. The road is part of State Route 39.

Overall cost of the work is set at $5,000. The city is scheduled to contribute $2,000, with the state furnishing the remaining $3,000. Council gave informal approval to the proposal when it was explained a few weeks ago by Safety - Service Director Robert E. Vodrey after a conference with officials of the Highway Department's Division 11 in New Philadelphia.

—:—

SURFACE water drainage and seepage of water from old mines in the hillside have been blamed at least in part for a perennial "slip" problem along the section of the "Hill Rd.' Various steps have been taken to correct the slow earth movement, including a project many years ago in which metal piling was driven into the embankment below the road and then filled with concrete.

Council approved the so-called "consent legislation" for the job, the prelude to any such state - city project. The ordinance spells out the city's responsibilities in the project and provides for its financial contribution toward the overall cost.

Councilman Floyd Murray asked Safety - Service Director Robert E. Vodrey to recommend that the state also sink pilings alongside the road to help correct slippage. Vodrey agreed to discuss the request with the state, but added: "I don't think we could get piling for this price."

—:—

COUNCIL enacted several other pieces of legislation, including:

An amended ordinance clarifying the language of legislation approved April 1 to establish annual vacation schedules for the police department.

A resolution authorizing the Board of Public Utilities to advertise for bids and sign a contract for purchase of a two-stage horizontal pump with a capacity of 950 gallons a minute for use of the water department.

Another resolution clearing the way for the same board to receive bids on a year's supply of chemicals and materials for use of the water department, including 250 tons each of lime and aluminum sulphate, 50 tons of activated charcoal, 18,000 pounds of liquid chlorine, 5,000 pounds of sodium chlorite, 6,000 feet of cast iron pipe ranging in size from 4-inch to 12-inch and 100 water meters ranging from a half - inch to 4-inch.

—:—

IN OTHER business, Tom Bell of the Community Resources Center appeared before Council in a caucus session to discuss the activities of the new organization.

He said the organization will have an 18-member advisory board, comprised one - third of public officials, one - third of business and professional men and one - third from the ranks of the impoverished. He also said the organization is selling $10 "shares" as a way of raising local funds for its work. The federal government will match the funds raised locally dollar - for - dollar, Bell added.

The organization's headquarters now is on Mulberry St., but it hopes to establish centers later in the downtown area and possibly in Wellsville, he said. The local group comes under the jurisdiction of the Community Action Agency at Lisbon and it part of the work of the Office of Economic Opportunity, he added.

The agency will aid the elderly, the impoverished and others, providing information and help on housing, health and legal problems and furnishing tutors for potential school dropouts, he said.

—:—

COUNCILMAN Edward Massey, chairman of the street committee, reported on an investigation of a request to establish one - way traffic south in West Lane between W. 5th and W. 4th Sts. He said he has asked Police Chief A. J. Radeschi to make a survey of traffic in the alley and furnish a recommendation whether one-way traffic is needed. Persons in the area who feel the need of one - way traffic should sign a petition to present to Council, Massey added.

Massey also asked Vodrey if the street department will resume its program of cleaning downtown streets regularly by flushing them with fire hoses and by opening hydrants. Vodrey pointed out the administration and Council received a letter in early 1967 from the Board of Utilities asking the city to restrict the use of water. The letter pointed out here was a large volume of water "wasted or unaccounted for" each year, he said.

Massey replied that he does not believe water could be termed "wasted" if it is used in keeping streets clean.

Massey also asked when the highway department expects to start work on a project for resurfacing and widening of Route 267 (Lisbon St.) Mayor George E. Willshaw said all indications are that the work will begin this summer.

Massey commented that he has received 50 postcards signed by residents of the Fisher Park area protesting any move to rezone a tract of ground in the district as the site for a 130-unit low - rent housing development. The site has been inspected by the Columbiana Metropolitan Housing Authority. It now is zoned for residential use.

"I realize this question has not been brought before Council yet, but when it is, this is the opinion of these people," Massey said. "They feel that they need a recreation site in that area. There are quite a few children who need a place to play. They had talked about getting together and building a swimming pool and providing other recreation facilities."

—:—

COUNCILMAN Frank Duffy asked application of a seal coat on Holliday St. pavement as part of the city's summer street program.

Councilman John Wilson, reporting for the claims committee, reported approval of a $15 bill against the city from Mrs. Mary Maola of 525 Wedgewood St. The claim arose for cleaning of a sewer line at the property when the fault was later found to lie in the city's main. The claims committee was given a $124.29 bill from Ambrose Grafton of 1206 Avondale St. for alleged damage to his rental property at 1206½ Avondale St. when a sewage line backed up into the cellar.

Council approved a motion to make $800 more available for installation of a new roof on Central Fire Station. The $800 is needed to supplement $5,000 already available so that the administration can accept a bid received recently from a contractor.

The meeting opened with invocation by Councilman Donal I. Burcham.

State Survey Pledge Given County Board

LISBON — The Ohio Department of Education has taken note of several requests from Columbiana County school districts for a state survey with an eye toward reorganization.

Thomas J. Quick, assistant superintendent of public instruction, in a letter to James L. McBride, county superintendent, wrote:

"With a small staff, we are limited as to the number and depth of surveys we can handle. However, we are interested in your area and will make every effort to work with you in a study and subsequent recommendations."

The state superintendent said John McKnight, who is in charge of school district reorganization, "will be contacting you in the near future as to time and procedures."

McBride read the letter Monday night to the County Board of Education, which has asked the state to include in its study all school districts in the county.

Requests for surveys were made also by boards of education of five districts considering merger — Lisbon, Leetonia, Columbiana, East Palestine and Fairfield-Waterford.

The first three are exempted village districts, East Palestine is a city district and Fairfield-Waterford is one of the four local or rural districts which make up the county school system. McBride and county board members have said they will oppose any merger which would weaken the county system.

McBride reported last night on visits he and staff members made the past month to schools in the local districts. He notified the board that the contracts of Lorin Ruff, elementary consultant; Peter Marra, high school consultant; Hubert Lawrence, psychologist; Vernon Walrath, district vocational education coordinator; Mrs. June Ingraham, secretary, and Fred Lehman, attendance officer, will expire July 31.

Board members received an invitation to the annual all - county school bus drivers' dinner at 6:30 p. m. Thursday at New Waterford School.

Several board members plan to attend the Ohio School Boards Association public forum at 7:30 p. m. Wednesday in Westgate School, East Liverpool.

School Board Appoints Five As Teachers

The East Liverpool Board of Education on Monday night appointed five new elementary teachers, all of whom are graduates of high school here.

The prospective teachers will graduate from college in June and will begin their duties in September.

They are: Linda Clendenning, Hiram; Betsy Garner, Mt. Union; Karen Keddie, Baldwin - Wallace; Marlene Laughlin, Kent State, and Mrs. Susan Smith Skidmore, Kent State, special education.

A recently - appointed custodian's resignation was accepted. Albert McKinnon had been employed at East Junior High School. Thomas McGrew, a custodian at Westgate School, also resigned, effective immediately. He is retiring.

The board voted to relieve Eugene Snyder, an industrial arts instructor at Westgate school, of his teaching position immediately. Snyder left his job more than a month ago without notifying either the principal at the school, Thomas Dixon, or Supt. Paul H. Blair. Blair and Board President Sam Brown sent a certified letter on March 26, announcing to Snyder, a resident of Beaver, that his contract would be terminated. Since he has not responded, the board voted last night to terminate his contract.

Snyder was a retired teacher from Pennsylvania.

Stack us up against the rising cost of just about everything. Where do we stand? Right at the bottom of the pile. And we've had to work hard to stay there. Because while most prices have gone up, local telephone rates haven't. Not since 1959. And you're actually paying lower rates for long distance. During Board Meeting Monday Night

3 Residents Urge Kindergartens

By TOM FUTHEY

In a discussion lasting nearly an hour, the East Liverpool Board of Education and three local residents Monday night discussed the possibility of establishing board - operated kindergarten classes during the coming school year.

Board members were not optimistic about the possibility and could offer no guarantee that classes could be started even with the 1969-1970 school term.

Mr. and Mrs. Jon Bentley and Mrs. Jo Ann Gessford pursued the topic at great length, questioning the board about exploration into the matter which they said they consider vital to the academic program.

"We feel kindergarten should become a part of the public education system," Mrs. Bentley continued.

—:—

SHE WENT on to point out that kindergarten classes help acquaint young pupils with school procedures and cited a national education organization which considers the programs a necessity.

"We have put material things before the needs of the students," Mrs. Bentley declared. "I was shocked to find that a seal which will go in the entrance to the high school, although it is donated by the state, costs $1,000. If there is money for that there should be money for kindergarten."

First-grade teachers, when no such classes exist, have to spend a great deal of time on the simple things, she continued, but kindergarten classes help the situation.

Mrs. Gessford asked Supt. Paul H. Blair if there are any plans currently for kindergarten classes in the new buildings.

—:—

BLAIR SAID plans are being made for classes beginning in 1969, but later declared they would be contingent on the availability of funds.

"We have a tremendous responsibility of moving this summer," Blair noted, adding that precludes the setting up of the kindergarten program. "I don't think one more year will hurt greatly," he said.

"We have been discouraged in the past by the Ohio Department of Education about having these classes," Blair said, pointing out "that a pupil-teacher ratio for the classes, since pupils attend only half days, is 60 to 1. There must be at least that number enrolled in order to qualify for a single instructor."

Also needed is equipment, he continued. He said he believes, however, that the school board desires to start such a program soon.

"It seems to me," Mrs. Gessford stated, "since the state will pay for the teachers, for transporting students and you have the equipment — I don't see the organizational difficulties involved." She referred to the fact that Blair said the moving of the buildings into new facilities this summer would be a major factor in holding up the plan until the next year.

"I feel we do not have adequate monies to start in the fall," Blair went on. He added that the state pays only 49 per cent of the total cost of running the schools.

"We are six units over our foundation allowance for operating now," he explained.

"How will this be alleviated next September?" Mrs. Gessford queried.

"We'll still be over, but we'll be in a better position then," Blair replied.

—:—

MRS. BENTLEY said she believes there are "plenty of mothers" willing to help with the details of setting up the program, including registering pupils. "The public is ignorant that there won't be kindergarten in the fall," she added.

Blair said the board never had promised classes in the fall and went on to reiterate that money and organization are the major problems confronting the board this year.

Board member George Ward reviewed the fact that three private kindergartens presently are in operation in the schools, adding, "I feel that we should try to do something, at least on a temporary basis, for one year." Ward said the private ones might continue to operate.

Mrs. Bentley interjected that one instructor has been looking for a room in which to hold her classes, but added the rents have been far too much. She said Mrs. Vincent LaNeve might have to hold classes in her home in which case only 10 pupils could be accommodated.

Mrs. Gessford said, at Blair's suggestion, she contacted Jacob R. Urchek, director of the Kent State Academic Center here, to determine if space might be available when KSU takes over the present high school building in the fall.

"Mr. Urchek was very rude," she claimed, even though she explained she was calling merely as a private citizen.

"He said, 'You tell Paul Blair and the school board if they want my help, tell them to go through channels," she declared.

—:—

BLAIR disagreed, stating that Urchek told him the center would cooperate if space is available.

"We've been trying to get help for a long time," Mrs. Gessford explained.

Blair said even if Kent State provides a room, the kindergarten still must be run privately.

Mrs. Bentley, disagreed, reviewing the case of Wellsville, where she said, the school board was so concerned about the need for kindergarten that it rented a hall to provide the classes.

Jon Bentley then asked Blair, "When you say we will have one (kindergarten classes) next year, is that dependent on a tax levy?"

"Perhaps," Blair replied.

But Ward was more emphatic as he stated there is little question that additional funds will be needed to provide the program.

Pelini explained that the state provides funds for the schools on a pupil-teacher ratio of 30 to 1, while the Ohio Department of Education in its newly-passed standards, sets up a ratio of only 27 to 1.

—:—

TURNING TO the transporting of kindergarten pupils, Mrs. Gessford said she was told by Zygmont E. Rataiczak, a coordinator in the state educational transportation program, that Ohio will pay for busing pupils to and from classes, but that the fact generally is not publicized since if all schools took advantage of the matter there would not be sufficient money to finance the project.

Board members disagreed, however, that any such statement ever had been made and added they had been told the state would pay for transportation in only one direction, not both.

Board member Thomas Rodfong suggested one or more of the old schools which will not be in use next year might provide the necessary rooms.

The LaCroft building apparently is the only one available, however, since most of the others are too expensive to operate and the Taft building in Maplewood is being reserved for possible use as an administration building, Blair explained.

No formal action was taken on the matter, although board members pointed out their concern.

If you think it would be too expensive to heat your 8-room home the flameless electric way,

does $22.00 a month throw you off balance?

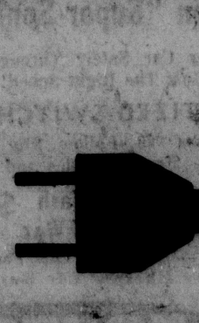

That's a lot lower than you thought, isn't it? *And it might even cost you less.* But it'll give you a figure to go on, since it's the amount Ohio Power customers, Mr. and Mrs. Lewis L. Warner, pay to heat their spacious 8-room home with flameless electric heat.

With electric rates reduced four times in the past several years, electric heating is now the smart, economical way to trouble-free home comfort.

Just imagine your home with clean, pure, flameless electric heat. No more fumes to make a mess or cause odor. All you do is set the thermostat and enjoy uniform comfort—without cold spots or drafts—throughout your entire house.

Converting to electric heating is easier than you think. Because there's no mess involved with installation.

When you're in the market for a new heating system in your present home, call your recommended electric heating dealer. Or call us. And convert to electric heating. We're sure you'll like it as well as the Warners do. So sure, we guarantee your satisfaction—*before you buy.*

During Board Meeting Monday Night

3 Residents Urge Kindergartens

By TOM FUTHEY

In a discussion lasting nearly an hour, the East Liverpool Board of Education and three local residents Monday night discussed the possibility of establishing board - operated kindergarten classes during the coming school year.

Board members were not optimistic about the possibility and could offer no guarantee that classes could be started even with the 1969-1970 school term.

Mr. and Mrs. Jon Bentley and Mrs. Jo Ann Gessford pursued the topic at great length, questioning the board about exploration into the matter which they said they consider vital to the academic program.

"We feel kindergarten should become a part of the public education system," Mrs. Bentley continued.

—:—

SHE WENT on to point out that kindergarten classes help acquaint young pupils with school procedures and cited a national education organization which considers the programs a necessity.

"We have put material things before the needs of the students," Mrs. Bentley declared. "I was shocked to find that a seal which will go in the entrance to the high school, although it is donated by the state, costs $1,000. If there is money for that there should be money for kindergarten."

First-grade teachers, when no such classes exist, have to spend a great deal of time on the simple things, she continued, but kindergarten classes help the situation.

Mrs. Gessford asked Supt. Paul H. Blair if there are any plans currently for kindergarten classes in the new buildings.

—:—

BLAIR SAID plans are being made for classes beginning in 1969, but later declared they would be contingent on the availability of funds.

"We have a tremendous responsibility of moving this summer," Blair noted, adding that precludes the setting up of the kindergarten program. "I don't think one more year will hurt greatly," he said.

"We have been discouraged in the past by the Ohio Department of Education about having these classes," Blair said, pointing out "that a pupil-teacher ratio for the classes, since pupils attend only half days, is 60 to 1. There must be at least that number enrolled in order to qualify for a single instructor."

Also needed is equipment, he continued. He said he believes, however, that the school board desires to start such a program soon.

"It seems to me," Mrs. Gessford stated, "since the state will pay for the teachers, for transporting students and you have the equipment — I don't see the organizational difficulties involved." She referred to the fact that Blair said the moving of the buildings into new facilities this summer would be a major factor in holding up the plan until the next year.

"I feel we do not have adequate monies to start in the fall," Blair went on. He added that the state pays only 49 per cent of the total cost of running the schools.

"We are six units over our foundation allowance for operating now," he explained.

"How will this be alleviated next September?" Mrs. Gessford queried.

"We'll still be over, but we'll be in a better position then," Blair replied.

—:—

MRS. BENTLEY said she believes there are "plenty of mothers" willing to help with the details of setting up the program, including registering pupils. "The public is ignorant that there won't be kindergarten in the fall," she added.

Blair said the board never had promised cisses in the fall and went on to reiterate that money and organization are the major problems confronting the board this year.

Board member George Ward reviewed the fact that three private kindergartens presently are in operation in the schools, adding, "I feel that we should try to do something, at least on a temporary basis, for one year." Ward said the private ones might continue to operate.

Mrs. Bentley interjected that one instructor has been looking for a room in which to hold her classes, but added the rents have been far too much. She said Mrs. Vincent LaNeve might have to hold classes in her home in which case only 10 pupils could be accommodated.

Mrs. Gessford said, at Blair's suggestion, she contacted Jacob R. Urchek, director of the Kent State Academic Center here, to determine if space might be available when KSU takes over the present high school building in the fall.

"Mr. Urchek was very rude," she claimed, even though she explained she was calling merely as a private citizen.

"He said, 'You tell Paul Blair and the school board if they want my help, tell them to go through channels," she declared.

—:—

BLAIR disagreed, stating that Urchek told him the center would cooperate if space is available.

"We've been trying to get help for a long time," Mrs. Gessford explained.

Blair said even if Kent State provides a room, the kindergarten still must be run privately.

Mrs. Bentley, disagreed, reviewing the case of Wellsville, where she said, the school board was so concerned about the need for kindergarten that it rented a hall to provide the classes.

Jon Bentley then asked Blair, "When you say we will have one (kindergarten classes) next year, is that dependent on a tax levy?"

"Perhaps," Blair replied.

But Ward was more emphatic as he stated there is little question that additional funds will be needed to provide the program.

Pelini explained that the state provides funds for the schools on a pupil-teacher ratio of 30 to 1, while the Ohio Department of Education in its newly-passed standards, sets up a ratio of only 27 to 1.

TURNING TO the transporting of kindergarten pupils, Mrs. Gessford said she was told by Zygmont E. At 'Bosses' Night Event

Hays, Huston Give Talks During Wellsville Dinner

Rep. Wayne L. Hays, 18th District Congressman, and Fred Huston of the Central Federal Savings and Loan Co., discussed the generation and credibility gaps during the Wellsville Jaycees' annual "Bosses Night" dinner at the SOI hall Monday.

Huston, in his bosses' reply, said "double standards and lack of direction may exist, but his generation cannot be held solely responsible for the situation."

"It's impossible to change everyone," he pointed out, and added that his generation has done much, in his opinion, to correct some of the errors of the past.

—:—

HE LAUDED his generation "working to bring about reforms" rather than resorting to non - constructive methods such as joining "hippie" colonies, burning draft cards, protesting and demonstrating.

Action is needed, especially in our own community, Huston continued. "The traces of blight already existing in the community are only minor forerunners of what's to come if the younger generation does not take action," he added.

"The burden of supporting the city will become heavier as more people move away—a course of action which will be taken by an estimated four out of five families affected by the superhighway to be built through Wellsville.

The city will lose 500 to 600 residents, he estimated, with the tax burden increasing for those remaining.

Hays expanded on the subject and applied it to the international scene.

He said sufficient credit is not given for what has been accomplished. A close look at Russian foreign policy would indilate its situation is as bad, if not worse, than that of the United States.

The million - dollar - a - day cost to bolster Cuba and the drifting of satellite countries away from the Russian motherland are prime examples, he pointed out.

—:—

RUSSIAN failures in the Middle East are self - evident and there is only one African county which leans strongly in her direction, he added.

Blame for the credibility gap belongs primarily to the news media, Hays stated. "News editing and slanting can create any view the media desires," he claimed.

"It is easier to influence the people using these methods now because they are more self-centered and less public - minded, since the present wealth permits more time for entertainment which is now foremost in the people's minds."

"Elbow grease and determination" will solve most of the problems, he continued, but proposals such as the one put forth by Sen. Eugene McCarthy that there be "a guaranteed annual wage for everyone whether he works or not" is ridiculous. The best philosophy, Hays said, is that "the country does not owe anyone a living, but owes everyone the opportunity to work, even if he is handicapped."

There is general concern about "wild promises of social reform," Hays pointed out, since most of them are not or cannot be fulfilled.

Turning to the draft, Hays said most college protest is motivated by the fact the student will soon be eligible for it. Most who protest are senior males, he added.

If the Vietnamese had made gains during the war, they would not be willing to come to the conference table now, the congressman speculated.

In reference to the reported bombing of populated areas and killing of children, he pointed out that the main objective of bombing during World War II was to hit the population centers.

Hays concluded with what he claims is the communists' definition of negotiation: "What we have is ours and what you have we'll negotiate."

Club Takes Part In Ruritan Event

Several officers of the Ruritan Club at Calcutta attended the Ohio Ruritan meeting Saturday at Mt. Union College, Alliance.

The delegation included Mr. and Mrs. Roland McIntosh, Mr. and Mrs. Charles Watson and Mr. and Mrs. Mike McFarlane. McIntosh is president and Watson and McFarlane are directors of the local organization.

About 550 members attended the affair, representing 36 of the 51 clubs of the central and eastern Ohio areas.

The highlight was the presentation of the Ohio district achievement awards for 1967 by James Justice, past district governor.

'Vegetable Day' Set At Wooster April 25

LISBON — Indoor farmers from all over Ohio will attend Greenhouse Vegetable Day April 25 at the Ohio Agricultural Research and Development Center in Wooster.

Paul H. Gipp, Columbiana County extension agent for agriculture, said there will be a tour from 9:30 a.m. until noon and a discussion period in the afternoon.

Fee Schedule For Buildings Set In Council

Council gave unanimous approval Monday night to a new ordinance establishing a schedule of fees for city building permits and charges for inspection during construction.

Councilman James Lowe commented that a study shows permits and fees would cost $35 for the average new home in the $15,000 class.

Council passed another building permit ordinance a few months ago, then decided that the charges it stipulated were too high. By agreement with Council, Mayor George E. Willshaw vetoed the original legislation with the understanding a revised schedule would be presented.

The new ordinance requires an application fee of $2 for a residence and $5 for any commercial or industrial construction. The inspection fees follow a sliding scale, based on the cost of the structure. For instance, a building in the price range of $1,000 to 50,000 would require an inspection fee of $5 plus $2 per $1,000 thereafter. The fee would cover all inspections except plumbing throughout the course of the construction.

Separate fee schedules are provided for remodeling or razing a structure.

Willshaw commented that at present the city's building inspector will check on new residential construction and similar jobs, but will not be qualified to pass on commerical and industrial projects until he has passed an examination held by the Ohio Department of Factories and Buildings.

Bolton Asks Study Of All U.S. Treaties

WASHINGTON (AP) — Rep. Clarence P. Bolton, R-Ohio, called Monday for a comprehensive reappraisal of all U.S. treaty and military commitments throughout the world.

The senior Republican on the House Foreign Affairs Committee said there is danger that the United States may now be repeating in Thailand the policies it followed in Vietnam.

"There should be no large-scale involvement of American ground forces in Thailand, nor should the administration take any action that might lead to such involvement," he said.

'Candidate Night' Set At Wellsville By GOP Groups

"Meet Your Candidate Night," sponsored by the Wellsville and Women's Republican Clubs, will be held April 26 at 8 p. m. in the Carniegie Library at Wellsville.

Twenty candidates for congressional, senatorial and county posts have been invited to attend.

Mrs. Mary Clark and Mrs. Betty Rager, co-chairmen, will host a social hour following talks by the candidates.

The meeting is open to the public, William Shoub, city chairman, pointed out.

Ohio Marine Due Medal Of Honor

WASHINGTON (AP) — Marine Pfc. Douglas E. Dickey of Roseburg, Ohio, and five other men were pinned down by enemy gunfire in Vietnam when someone yelled, "Grenade!"

Dickey, 21, dived on it. He died but the others survived.

"He must have realized it was too late for us to take cover," recalled one of the others, Hospitalman 3.C. Gregory R. Long. "He gave me one short glance and lunged forward, deliberately covering the grenade with his body."

Today, Dickey will be posthumously honored with his nation's highest decoration, the Medal of Honor. Secretary of the Navy Paul R. Ignatius will present it to his parents, Mr. and Mrs. Harold Dickey.

Dickey was killed March 26, 1967, in Quang Tri Province, South Vietnam.

Elections Board Head Okay After Attack

The best philosophy, Hays said, is that "the country does not owe anyone a living, but owes everyone the opportunity to work, even if he is handicapped."

There is general concern about "wild promises of social reform," Hays pointed out, since most of them are not or cannot be fulfilled.

Turning to the draft, Hays said most college protest is motivated by the fact the student will soon be eligible for it. Most who protest are senior males, he added.

If the Vietnamese had made gains during the war, they would not be willing to come to the conference table now, the congressman speculated.

In reference to the reported bombing of populated areas and killing of children, he pointed out that the main objective of bombing during World War II was to hit the population centers.

Hays concluded with what he claims is the communists' definition of negotiation: "What we have is ours and what you have we'll negotiate."

Club Takes Part In Ruritan Event

Several officers of the Ruritan Club at Calcutta attended the Ohio Ruritan meeting Saturday at Mt. Union College, Alliance.

The delegation included Mr. and Mrs. Roland McIntosh, Mr. and Mrs. Charles Watson and Mr. and Mrs. Mike McFarlane. McIntosh is president and Watson and McFarlane are directors of the local organization.

About 550 members attended the affair, representing 36 of the 51 clubs of the central and eastern Ohio areas.

The highlight was the presentation of the Ohio district achievement awards for 1967 by James Justice, past district governor.

'Vegetable Day' Set At Wooster April 25

LISBON — Indoor farmers from all over Ohio will attend Greenhouse Vegetable Day April 25 at the Ohio Agricultural Research and Development Center in Wooster.

Paul H. Gipp, Columbiana County extension agent for agriculture, said there will be a tour from 9:30 a.m. until noon and a discussion period in the afternoon.

Fee Schedule For Buildings Set In Council

Council gave uananimous approval Monday night to a new ordinance establishing a schedule of fees for city building permits and charges for inspection during construction.

Councilman James Lowe commented that a study shows permits and fees would cost $35 for the average new home in the $15,000 class.

Council passed another building permit ordinance a few months ago, then decided that the charges it stipulated were too high. By agreement with Council, Mayor George E. Willshaw vetoed the original legislation with the understanding a revised schedule would be presented.

The new ordinance requires an application fee of $2 for a residence and $5 for any commercial or industrial construction. The inspection fees follow a sliding scale, based on the cost of the structure. For instance, a building in the price range of $1,000 to 50,000 would require an inspection fee of $5 plus $2 per $1,000 thereafter. The fee would cover all inspections except plumbing throughout the course of the construction.

Separate fee schedules are provided for remodeling or razing a structure.

Willshaw commented that at present the city's building inspector will check on new residential construction and similar jobs, but will not be qualified to pass on commerical and industrial projects until he has passed an examination held by the Ohio Department of Factories and Buildings.

Bolton Asks Study Of All U.S. Treaties

WASHINGTON (AP) — Rep. Clarence P. Bolton, R-Ohio, called Monday for a comprehensive reappraisal of all U.S. treaty and military commitments throughout the world.

The senior Republican on the House Foreign Affairs Committee said there is danger that the United States may now be repeating in Thailand the policies it followed in Vietnam.

"There should be no large-scale involvement of American ground forces in Thailand, nor should the administration take any action that might lead to such involvement," he said.

'Candidate Night' Set At Wellsville By GOP Groups

"Meet Your Candidate Night," sponsored by the Wellsville and Women's Republican Clubs, will be held April 26 at 8 p. m. in the Carniegie Library at Wellsville.

Twenty candidates for congressional, senatorial and county posts have been invited to attend.

Mrs. Mary Clark and Mrs. Betty Rager, co-chairmen, will host a social hour following talks by the candidates.

The meeting is open to the public, William Shoub, city chairman, pointed out.

Ohio Marine Due Medal Of Honor

WASHINGTON (AP) — Marine Pfc. Douglas E. Dickey of Roseburg, Ohio, and five other men were pinned down by enemy gunfire in Vietnam when someone yelled, "Grenade!"

Dickey, 21, dived on it. He died but the others survived.

"He must have realized it was too late for us to take cover," recalled one of the others, Hospitalman 3.C. Gregory R. Long. "He gave me one short glance and lunged forward, deliberately covering the grenade with his body."

Today, Dickey will be posthumously honored with his nation's highest decoration, the Medal of Honor. Secretary of the Navy Paul R. Ignatiuf will present it to his parents, Mr. and Mrs. Harold Dickey.

Dickey was killed March 26, 1967, in Quang Tri Province, South Vietnam.

Elections Board Head Okay After Attack

CLEVELAND (AP) — Joseph A. Cippolone, director of the Cuyahoga County Board of Elections, was reported in satisfactory condition Monday at St. Vincent Charity Hospital after he collapsed at his desk of an apparent heart attack.

Cippolone, 41, received closed heart massage by fire rescue men en route to the hospital and open heart massage by doctors when he arrived.

Duffy's Lone Dissenter

New Coordinator Post Set Up By Councilmen

Council approved, 6-1, Monday night an ordinance creating the new post of planning and project coordinator, an official who will help implement the city's "master plan" for growth and development and seek federal, state and county aid for local projects.

Councilman Frank Duffy cast the lone dissenting vote. The legislation was supported by Councilmen Robert W. Sample, Donal I. Burcham, Edward Massey, James Lowe, John Wilcox and Floyd Murray.

—:—

COUNCIL will name the coordinator, the legislation provides. A $6,000 appropriation for the salary for the balance of 1968, plus $3,000 for expenses, was allocated by Council late in March. The legislation provides that the appointee need not be a resident of East Liverpool at the time he is named, but must establish a home here within six months.

In opposing the action, Duffy reiterated his argument that the coordinator's duties should be combined with the responsibilities of the mayor. He declared that virtually all the activities of the city are supervised by the safety-service director or have their own superintendents.

"What else does the mayor have to do?" Duffy asked. He said his remarks were not intended as an attack on Mayor George E. Willshaw, but as a general reference to the duties of the mayor's office.

"I think the mayor could do anything this coordinator could do," Duffy said. "He couldn't get any more for the city. I am not against federal or state aid, but I don't think we need to spend $10,000 or $12,000 to get it. No wonder you had to raise the income tax!"

—:—

SAMPLE replied that statistics compiled by the Ohio Municipal League show that planning coordinators in most communities receive much higher salaries than East Liverpool will offer.

After the ordinance was enacted, Burcham expressed thanks to the administration, the Council finance committee, the Chamber of Commerce, the Community Improvement Corp. the Jaycees and other organizations and individuals who worked for creation of the post.

"I think we will see the results of this action in the future," he said.

The coordinator's duties will include: Completion of all applications for federal state and county aid projects; serving as the city's liaison officer to all federal, state and county administrative agencies and serving as adviser to the City Planning Commission and other agencies and commissions on programs and projects growing out of the master plan.

Qualified, interested persons should file applications with Council for the coordinator's post, Mayor George E. Willshaw said today.

The coordinator will be required to submit monthly and annual reports to Council, the mayor and safety - service director. He also will act as supervisor of the housing and zoning inspection department.

—:—

IN A related action, Council approved an ordinance amending the city zoning rules that required that off-street parking spaces must be provided with new structures erected in the central business district.

The measure, recommended by the City Planning Commission, was approved 6-1. Wilson cast the lone dissenting vote.

Queried by Murray, Mayor Willshaw said the commission decided that the requirement for off-street parking space alongside new buildings would work a hardship on persons contemplating new structures.

"There just is not that kind of room available in the central business district," the mayor said. He added that the change was recommended to the commission by the Chamber, the CIC and businessmen.

Wilson remarked that the professional planning firm of Carroll V. Hill and Associates included the stipulation for off-street parking space in its reports.

"We hired an expert to prepare the plan; we should follow the advice of the expert," he said. "No law makes everybody happy.

Sample replied that the Hill concern later agreed to the change in the parking requirement and conceded its inclusion in the report probably was an error.

Massey said the change will affect the new structure now being erected on E. 5th St. as a site for Social Security Agency offices. There is not enough space on the lot to provide off-street parking required by the former ordinance "But this building is a necessity — we need it to serve the elderly," he said. Massey added that if a new structure ever is built on the site of the fire-razed Siff Building on the Diamond, the builder might be deterred by the same parking requirements.

'Citizen' Fishermen Will Get License Aid

LISBON — "Senior Citizen" fishermen who have been unable to get to the Courthouse to buy reduced-rate licenses offered by the state are going to get a break.

Clerk of Courts Carl L. Stacey said he will take his office to several communities so applicants will not have to make the trip here to his second-floor office.

He will issue licenses for Salem area residents from 9 a.m. to noon and 1 to 3 p.m. Friday at Ferrier's News Agency, 474 E. State St., Salem.

Persons from 65 through 69 can purchase the 1968 license for $2.35, including the writing fee. Fishermen 70 and over can buy a permanent license for $1.35.

Various Rentals Okayed During Meeting Of Board

The East Liverpool Board of Education acted favorably Monday night on three requests for building rentals, a request by the Board of Elections for use of certain buildings during the May primary election and on the use of playing fields for a football league here.

Approved for rental was Westgate school for three projects.

The Westgate Elementary Parent - Teacher Association will use the cafeteria on May 24 for a dinner; the East Liverpool Jaycees will make use of the auditorium and dressing rooms on May 4 for the Miss Columbiana County pageant, and again on the night of May 17-18 for a post-prom party.

The Board of Elections was granted the use of Neville, Horace Mann, McKinley, Taft, Pleasant Heights, Lincoln and Lacroft buildings.

—:—

ALSO granted was a request by Ben Weber, secretary of the Bill Booth Little League Football Organization, to use playing fields for Sunday games in September and October.

Given approval was a second practical nursing training program to be instructed by Mrs. Ila Shingler. The self - sustaining program receives state funds and money from tuition for expenses. Mrs. Shingler will be paid $5 an hour. The current class meets at Westgate School, with Edna Jones, school nurse, instructor. Three 80-hour courses are given for completion of the training.

A $10,560 budget for a summer work-study program for underprivileged high school students was set up. Blair said it is hoped that 75 per cent of the budget will be paid by the state. Sixteen boys and four girls will be employed, and will be especially useful during the school moving operation. The youths will be paid $1.20 an hour. Blair indicated more students can be used.

—:—

VARIOUS federal and local bills were paid. Clerk Kathryn Liebechner reported a balance in the general fund of $250,253 and in the new school project of $270,183.24.

The board approved a resolution giving Architect Robert Beatty authority to have new sinks installed in the elementary buildings under construction. Board member Thomas Rodfong dissented, declaring he thinks the cost of the sinks is "out of line." The motion was proposed by Board member Harry McConville.

McConville told the board a group of 34 boys, many of them from the Athletic Department, helped plant 800 trees during the weekend at Westgate school and Patterson Field. The trees are being planted in honor of local servicemen in Vietnam, he said.

Board member George Ward reminded of an informal meeting tonight with various interested residents to discuss the needs of the schools for the coming year. He hinted at the possibility a proposed tax levy for submission to the voters will be discussed. The meeting will begin at 7:30.

MOM'S GOT A REPUTATION SINCE SHE GOT HER NEW FLAME.

She has a reputation as one of the best cooks in the neighborhood. And she owes it all to her handsome, easy-going new flame—a modern Gas range.

Mom, the chef, is always dropping names like Burner-with-a-Brain, and Oven-with-a-Mind and automatic rotisserie. And names like broiled filet en croute, spinach souffle, quiche Lorraine and ham mousse.

In fact, Mom's something of a show-off with her "Programmed Gas Cooking." She just puts the food into the oven, sets the time and temperature, and then goes about other business with studied indifference toward her cooking. She can afford a great show of confidence because her Gas oven will automatically stop cooking at precisely the correct moment and keep her dinner piping hot, without overcooking or drying out, until everyone is ready to eat.

Needless to say, the whole family is happy with Mom's new flame. And Mom is happy with her new reputation.

Film At Westgate

Forum Awaited Here Wednesday

A movie, "What Do We Want Our Children To Become?" will be screened Wednesday night during a six - county public information forum sponsored by the Ohio School Boards Association and Ohio University.

The forum, being held in 25 communities across the state, will be hosted locally by the school board at Westgate School auditorium.

The film, produced by Melvin Tumin, professor of sociology and anthropology at Princeton University, is a recording of a speech he gave before an OSBA convention last November.

—:—

TUMIN'S major emphasis, sponsors of the forum point out, is that when children fail it is the fault of teachers or parents, never of the children themselves. With pointed criticism, he finds the nation's schools as a whole guilty of producing children and adults who cannot think for themselves.

"Because Tumin's comments come at a time when all concerned residents are questioning the old methods," the association states, "and seeking new and better ways to educate the nation's youth, the OSBA is making films of the speech available in a series of statewide public information forums. Meaningful communication among the various segments of the public — educators, parents, civic leaders, businessmen — is crucially needed to effect changes in the school system." The film was producted for the association under a Title I grant to Ohio University.

School Supt. Paul H. Blair said refreshments will be served.

Board Approves Vocational Plans

Seven vocational education programs for East Liverpool High School, beginning in September, were approved during a meeting of the Board of Education Monday night. Three, however, are contingent on the availability of funds and teachers.

The board voted to accept programs which the administration had sought from the state board in auto mechanics, mechanical drafting, distributive education, home economics, machine trades, electricity and office work.

The courses in auto mechanics, mechanical drafting, distributive education and vocational economics are nearly "sure bets" for the September opening of schools, but the machine trades and electricity courses will remain a question, as does that for office workers.

The machine and electricity courses depend on whether the Ohio Department of Education will find sufficient funds to aid with the equipping of the new shop building. Salaries of the teachers involved will be paid by state funds, Supt. Paul H. Blair, pointed out.

He said the state will not have enough money to finance the office workers' program, and so it will not begin until September 1969, if the local school system cannnot operate it entirely on its own during the upcoming school year.

The board voted to freeze $110,000 of the interest obtained from the sale of bonds for the new schools to be applied to machine trades and electricity courses next year. This would allow for matching funds to equip the building properly for the classes.

Blair emphasized that permanent improvements are the only possible uses for the interest. Currently there is a balance of $239,000 interest, Clerk Kathryn Liebschner reported.

Assistant Supt. Carl Pelini reported the cost of equipping the electricity lab would be $70,770 and the machine trades lab $139,073.

Blair indicated he has not yet been able to obtain teachers for all the programs.

Boy, 16, Critically Burned, 2 Are Held

PITTSBURGH (AP) — Police found a 16-year-old boy critically burned on Pittsburgh's Northside when they answered a call that a gang had set him on fire.

Glen Kramer was admitted to St. John's General Hospital where his condition was reported critical. He suffered second and third degrees burns over 90 per cent of his body.

A fire truck was called to the scene to sprav down a garage near the spot where Kramer was found Monday lving in the middle of a street. The garage had been splashed with gasoline, indicating the victim may have been burned with gasoline.

Police said they had picked up two youths for questioning about the incident.

Stained Glass Window Damaged In East End

A section of a stained glass window was broken Monday night on the east side of the Second United Presbyterian Church at St. George and Mulberry Sts. in East End, police reported.

The window apparently was struck by a football or a basketball, police said.

Belated theft and vandalism reports also were filed yesterday. Harry Harold of 680 Lincoln Ave. told police the radio antenna was broken off his 1960 model car April 9 while it was parked on Smith St. Clark Hickman, shop foreman at the Seaforth Minerals terminal at Market and 1st Sts., told police two large tires were stolen from the company's property April 2.

Lausche's 'Optimistic' End Of War May Be Near

COLUMBUS, Ohio (AP) — "There is real reason to be optimistic" that an end to the Vietnam War may be in sight, Sen. Frank J. Lausche, D-Ohio, said here Monday.

Lausche said Paris would be "a good place" to hold preliminary peace talks because of a belief by Ho Chi Minh of North Vietnam that the French people will support him.

"But in my judgment, the people will be neutral," Lausche added.

In a speech at a joint Rotary-Kiwanis luncheon, Lausche warned that the United States must avoid being drawn into another Asian land war in North Korea.

"We, under no circumstances, could maintain two land battles," Lausche said. "We are having trouble maintaining one.

"We are overextended. We cannot in fairness raise the white flag of surrender."

Lausche, a candidate for renomination to a third Senate term, asserted that North Korea expected the seizure of the USS Pueblo in January would draw the United States into a second Asian war.

He said that Russian defense treaties with North Vietnam and North Korea account for U.S. reluctance to invade either country.

The 72-year-old senator also said he was concerned that Congress may enact a surtax without cutting federal spending. Both must be done, he said.

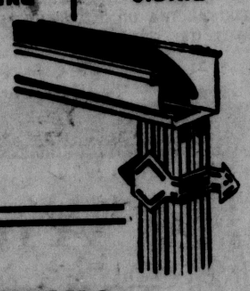

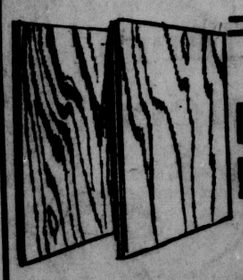

Lausche called for law and order, which he said "has broken down" in the nation.

"Law and order must be maintained, the government must remain supreme," he said. "I cannot understand the tolerance of organized transgressions . . . You cannot countenance trivial transgressions without expecting that they will grow into major violations."

Film At Westgate

Forum Awaited Here Wednesday

A movie, "What Do We Want Our Children To Become?" will be screened Wednesday night during a six - county public information forum sponsored by the Ohio School Boards Association and Ohio University.

The forum, being held in 25 communities across the state, will be hosted locally by the school board at Westgate School auditorium.

The film, produced by Melvin Tumin, professor of sociology and anthropology at Princeton University, is a recording of a speech he gave before an OSBA convention last November.

—:—

TUMIN'S major emphasis, sponsors of the forum point out, is that when children fail it is the fault of teachers or parents, never of the children themselves. With pointed criticism, he finds the nation's schools as a whole guilty of producing children and adults who cannot think for themselves.

"Because Tumin's comments come at a time when all concerned residents are questioning the old methods," the association states, "and seeking new and better ways to educate the nation's youth, the OSBA is making films of the speech available in a series of statewide public information forums. Meaningful communication among the various segments of the public — educators, parents, civic leaders, businessmen — is crucially needed to effect changes in the school system." The film was producted for the association under a Title I grant to Ohio University.

Dodgers Nip Pirates 3-2 On LeFebvre's Homer In 9th

Sports Whirled

By TURK PIERCE
Review Sports Editor

East Liverpool's Earl Diddle played for the Sharon Buchtel Sporting Goods team last week in the Sharon Hoyle Club independent basketball tournament.

Diddle's team lost in the championship game to a team from Buffalo, N.Y., In the three wins and the loss, Diddle said he didn't take a shot, and was 0 for 1 from the foul line. "When you have two All-Americans in the lineup, you don't have to shoot", the Potter ace reported. The players to whom Diddle was referring were 6-6 Denny Wuycik of Ambridge and 6-5 John Fraley of Middletown. Also playing for Buchtel were 6-7 Greg Latin of Serra Catholic in McKeesport and Terry Greene of Sharon. Fraley was the top scorer on the team. With Buchtel presenting this stellar lineup, it makes you wonder what All-Americans were playing for the Buffalo entry.

Diddle reports he has 65 college offers. He has visited Guilford in North Carolina and is contemplating a trip to Brigham Young in Utah.

Fraley and Randy Smith of champion Columbus East have been named to the South team in the North-South all-star game at Marion June 22. Diddle, John Kennedy of Springfield Local and Al Vilcheck of Euclid are some of the North stars.

Fraley was the only Ohio player named as a high school basketball All-American by Scholastic Magazine. He made the fourth team. Wuycik made the second team and Wilbert Robinson of Laurel Highlands the seventh team. Others named who participated in the Dapper Dan Roundball Classic at Pittsburgh were Tom Riker, Oyster Bay, N. Y., first team; Tom Parker, Collinsville, Ill., fourth team; Ralph Simpson, Detroit, Henry Bacon, Louisville, and Alex Scott, New Haven, Conn., sixth team, and Henry Harris, Boligee, Ala., seventh team.

CONNIE HAWKINS of Pittsburgh Piper will play with the Harlem Globetrotters during the off season. Hawkins played with the Globetrotters between the time he played with the Pittsburgh Rens of the ill-fated American Basketball League and the time he signed with the Pipers.

Veale Victim Of 3-Run Rally

LOS ANGELES (AP) — Bob Veale was the cause of the most embarrassing day Jim Lefebvre has spent in the major leagues, but the Los Angeles Dodger second baseman has managed to gain revenge.

Lefebvre's "longest day" came as a Dodger rookie, three years ago, when Pittsburgh's Veale struck him out four straight times.

"He's the only pitcher who has ever done it to me, so I guess maybe I try just a little harder when he's pitching," Lefebvre said Monday night after his two-run, ninth-inning homer handed Veale and the Pirates a 3-2 setback.

It was one of the toughest games Veale will ever lose. He went into the ninth inning with a one-hit, 2-0 victory close at hand.

Lefebvre will never forget the game against Veale here in 1965. "I didn't think it was possible for anyone to throw as hard as Veale was throwing," Jim recalls.

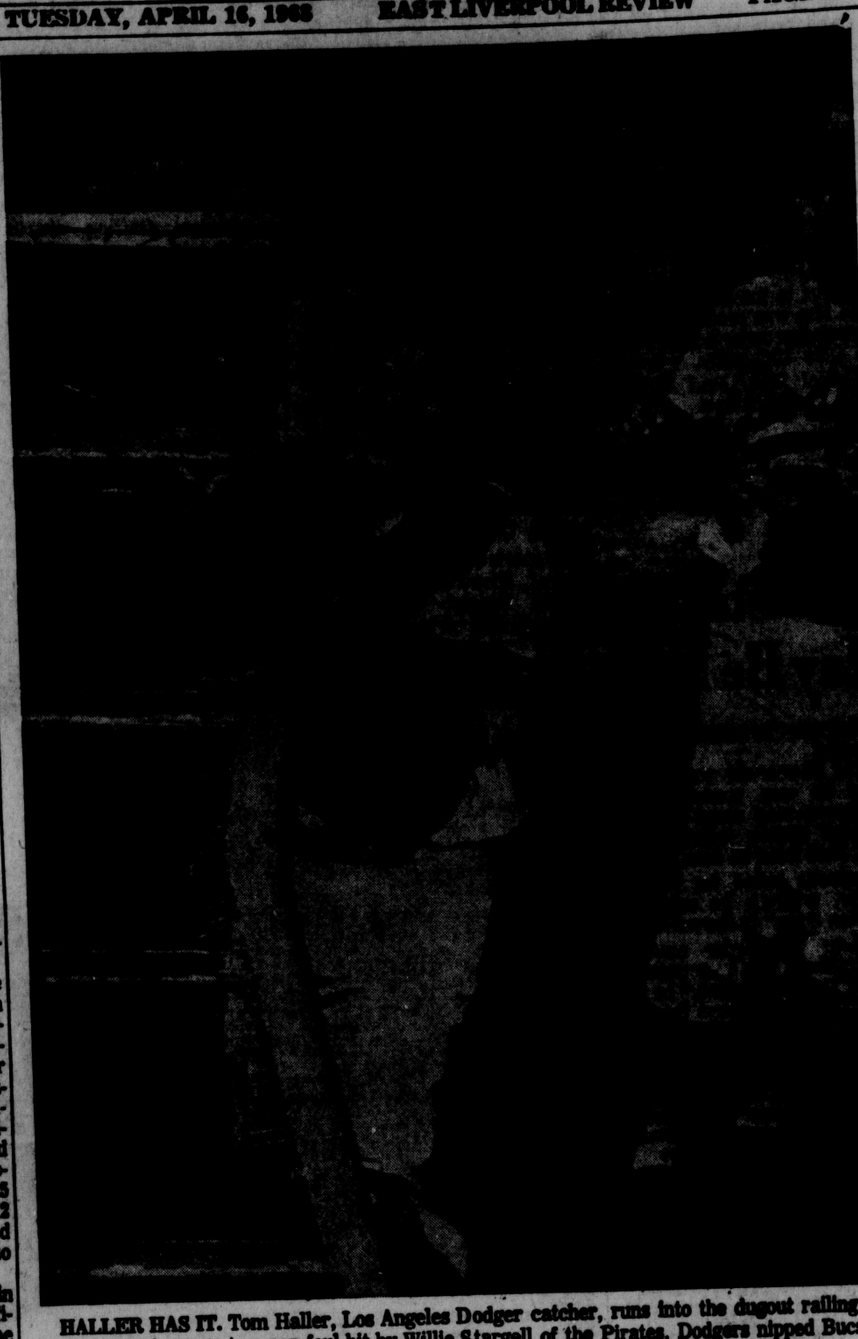

The game-winning homer Monday night spurred Lefebvre's hopes of bouncing back from a disappointing 1967 season. And it gave a big lift to a Dodger team that, until the ninth inning Monday night, had scored one run in 43 innings this season.

"Darndest team I ever saw," observed veteran left-hander Hank Aguirre, a Dodger newcomer.

"We score in only two of the first 44 innings and still win two of our first five games."

A pinch double by Bob Bailey, a single by Willie Davis and Zoile Versalles' infield out produced the first of the Dodgers' three ninth-inning runs Monday night. The Lefebvre homer enabled right-hander Bill Singer, 1-1, to conquer Veale.

Singer pitched a six-hitter, struck out six and, in one stretch, retired 19 Pirates in a row. A single by Maury Wills, his stolen base and an error by Lefebvre gave the Bucs an unearned run in the first inning. Jerry May singled home the seventh-inning run that made it 2-0.

HALLER HAS IT. Tom Haller, Los Angeles Dodger catcher, runs into the dugout railing but manages to hang on to a pop foul hit by Willie Stargell of the Pirates. Dodgers nipped Bucs 3-2 in Los Angeles last night. (UPI Telephoto)

Blues, Flyers Fined For Saturday Brawl

By The Associated Press

The St. Louis Blues, Chicago Black Hawks and Los Angeles Kings can take a major step toward the big money Stanley Cup finals tonight. But the Blues and Philadelphia Flyers already have paid a hefty price for their brawl-filled quarter-final series.

St. Louis, Chicago and Los Angeles each lead 3-2 in games in their best-of-seven series against the Flyers, New York Rangers and Minnesota North Stars, respectively. The Blues and Black Hawks will be at home while the Kings will play on the North Stars' ice.

Victories by the three leaders will set up semifinal series matching St. Louis and Los Angeles in the West Division and the Black Hawks against Montreal in the East. The Canadiens swept Boston 4-0 in their opening round set.

Players and coaches of the Blues and Flyers were fined a total of $3,000 Monday by Clarence Campbell, National Hockey League President, for their part in a brawl during last Saturday's sixth game in Philadelphia. Coach Keith Allen of Philadelphia was assessed $500 and Scotty Bowman, the Blues' skipper, was fined $400. In all, 25 players, 13 on the Blues, and 12 on Philadelphia, were fined amounts ranging from $100 to $275.

Players on winning teams in the quarter-finals and semifinals each receive $2,250. The Stanley Cup champions get $3,000 apiece for winning the final round series.

Celtics Stay Alive, Win In Philadelphia

By RALPH BERNSTEIN
Associated Press Sports Writer

PHILADELPHIA (AP) — Sam Jones isn't ready for a rocking chair just yet.

The 34-year-old sharpshooting guard of the Boston Celtics may need a breather now and then, but he's as tough as ever in the clutch. If you don't believe it, ask the Philadelphia 76ers.

Philadelphia was all set Monday night to finish off the Celtics in their best of 7 game Eastern final in the National Basketball Association. The 76ers led 3-1 and were at home before a sellout crowd of 15,362. Everything pointed to a Boston fade out.

Something went wrong with the script. Boston won 122-104. Old and tired Sam Jones fired in 37 points.

"When you're down 3-1," said Old Sam after he finished shooting up the 76ers, "You just pull up your socks and get the job done."

Jones connected on 15 of 27 from the field and threw a natural at the foul line—7 for 11. He broke the back of the team he describes as the strongest physically he's ever seen.

So, the series headed back to Boston for the sixth game Wednesday night. A seventh, if necessary is slated for Philadelphia Friday night.

Jones didn't put down the defending champions all by himself. John Havlicek poured in 29 points and handed out 10 assists.

Pro Boxing League Plans Announced

CHICAGO (AP) — Plans to form a professional boxing league with fighters getting group insurance, pensions and other benefits were unfolded Monday.

Franchises in eight cities including Chicago, Los Angeles, San Francisco, Boston, Louisville, Pittsburgh, Baltimore and Washington, D.C., were announced by sports commentator Jack Drees.

Groups are working in New York, Philadelphia, Atlanta and Miami to become members, revealed Drees, one of the owners of the Chicago franchise.

The organization will be known as the International Boxing League, Inc., and hopes to begin operations this fall.

Boxers will be placed under an annual contract ranging from $8,000 to $15,000," Drees said. "There will be no managers. The contract will be owned by the team for which he competes. Group insurance, pensions plans and other benefits are included."

Each team will carry a squad of 15 fighters, three for each weight division. Teams will compete for divisional championships with champions meeting for the league title. All bouts will be six rounds.

Astros Edge Mets 1-0 In 24-Inning Marathon

By RON RAPOPORT
Associated Press Sports Writer

Rusty Staub said things started getting pretty funny around the 17th inning. Roy Hofheinz officially sanctioned the humor of the situation five innings later.

Two innings before the longest night game in major league history ended in the Astrodome Monday night with Houston a 1-0 victor over the New York Mets — who else — the following legend appeared on Astros' owner Hofheinz' psychedelic scoreboard:

"The judge says he's ready to go to bed . . . let's score a run."

"After about the 17th inning, everything sort of got funny," said Staub, who batted nine times in the six-hour, six-minute contest. The game outlasted by two innings the longest night game played previously, a 6-5 American League victory for Washington over Chicago last year.

"That was a three-package-of-tobacco game, and I've just got one chew left," said catcher-coach Buddy Hancken of the Astros.

The game mercifully came to an end in typical Metsian fashion, with an error letting in the run after eight pitchers had battled valiantly to preserve the scoreless deadlock.

In the only other National League games played, Los Angeles rallied heroically to beat Pittsburgh 3-2 and St. Louis topped Atlanta 4-3 in 10 innings

Shortstop Al Weis let a grounder off the bat of Bob Aspromonte go through his legs and that sent in Norm Miller, who led off with a single and advanced on a balk by Les Rohr and an infield out.

"No, it didn't take a bad hop," said Weis afterwards. "I just blew it. It went right through my legs."

Tom Seaver was the first of the Met hurlers, giving up just two hits in 10 innings and retiring 22 batters in a row after the third inning.

Don Wilson did almost as well in the first nine innings for Houston, but was long gone by the time Wade Blasingame, the fifth Houston pitcher, was officially declared the winner.

The Dodgers won in a finish that would have made a writer of juvenile sports fiction blush. Bob Beale was breezing along on a one-hitter into the ninth, but Jim Lefebvre's two-out, two-run homer beat him.

The first Los Angeles run of the inning, scoring on an infield out, was only the second scored in 44 innings this season. Until then, the Dodgers seemed likely to absorb their fourth shutout defeat in the five-game-old season.

Bill Singer, who gave up only six hits himself, and retired 19 batters in a row at one stretch, was the winner. Veale didn't allow a hit until the fifth when Rocky Colavito singled.

And in yet another last-inning finish, Johnny Edwards came up with a pinch single that drove in the winning run for the Cards. Pat Jarvis and Bob Gibson had dueled 1-1 into the seventh when Hank Aaron's homer gave Atlanta a one-run bulge.

But Roger Maris drove in two runs in the eighth for the Cards with a double and not till Dal Maxvill singled in the 10th and rode home on Edwards' single was the game decided.

Eclipses Governor

Goalby Welcomed Home After Masters Victory

By CHARLIE BAROUH
Associated Press Sports Writer

ST. LOUIS (AP) — Gov. Lester Maddox of Georgia got off the plane Monday one step ahead of Bob Goalby. But Maddox is only a governor, and Goalby is Masters champion, so the crowd wasn't interested in the governor.

Goalby was returning to his Belleville, Ill., home, just across the Mississippi River from St. Louis. He had just won the Masters Golf Tournament Sunday when Roberto De Vicenzo signed an incorrect scorecard and blew his tie with Goalby.

Maddox was coming to St. Louis to attend a conference of Democratic governors.

Goalby pocketed a $20,000 check for the victory and could look forward to all the fringe benefits that go with the Masters championship. Some people estimate a golf pro can pick up $1 million for a victory in the Masters.

"I don't think it's really worth that much money," the 38-year-old golfer said. "It might be to a guy like Arnold Palmer, but I doubt it's worth that much to other guys. In any case, I don't know what I'm going to do. I'll just have to wait and see what happens.

"I was elated with the outcome of the Masters, of course, though I'm sorry about what happened to Roberto," Goalby added. "But that's really secondary. I have to look at it from my point of view.

"Players score the wrong score cards every week. It usually doesn't happen to one of the players at the top and never in a tournament as big as the Masters.

"I was paired with Roberto Saturday and he went through his card a lot quicker than I did," the Illinois University graduate recalled. "I'm very careful with my card. He barely looked at his.

"But I don't think the rules should be changed," Goalby contended. "I don't mean that I necessarily agree with all of them, but they make the rules and I play by them."

Brundage Pays Visit To S. Africa

JOHANNESBURG, South Africa (AP) — The reason behind the surprise visit to South Africa of Avery Brundage, International Olympic Committee president, was still a secret today.

However, Frank Braun, president of the South African Olympic Games Association, has made it clear that he believes South Africa should not withdraw from the Games in Mexico City next October.

Braun said that any decision on the issue would have to come from the association's executive committee as a body. The executive committee was scheduled to meet Tuesday night.

Brundage planned to fly to Lausanne, Switzerland where an IOC executive meeting will be held Saturday.

The meeting was requested by the organizing committee of the Mexico City Games, scheduled for Oct. 12-27. The executive board can either call for a general meeting of the IOC or call for another mail vote.

Cokes Picked To Retain Welter Title

DALLAS, Tex. (AP) — Welterweight champion Curtis Cokes and challenger Willie Ludick of South Africa expect to weigh in at around 146 pounds each for their 15-round title fight tonight.

The fight starts at 9:08 p.m. (CST) at which time television over 28 stations in the nation will start.

There will be no radio coverage.

Most observers look for the bout to go the full 15 rounds, with Cokes favored about 9 to 5 to win and retain his title in his fourth defense of the crown since he won it in 1966.

Food Fair Takes Lead In Bowling

CINCINNATI (AP)— A division leader emerged Monday night at the American Bowling Congress as action picked up during the tournament's 59th day.

Food Fair Stores, Philadelphia, rolled a 3,064 total in regular team division to take over first place, displacing Washtenaw Lanes, Ann Arbor, Mich., which rolled 3,043 March 19.

The quintet, the second team to go over the 3,000 mark in this tourney, was paced by Vince Mazzanti, a 40-year-old barber. Mazzanti fired a 732 series.

The squad had games of 990, 1,080 and 994.

In earlier action, Alfred "Bud" Gatena, Dubuque, Iowa, rolled a 1,942 all-events total, good enough for second place in that division. Ronnie Moore, Louisville, Ky., leads the division with 1,952.

Dewey Kenner of Morgantown, W. Va., fired a 697 series in singles and moved into a 7th place tie.

Dodgers Nip Pirates 3-2 On LeFebvre's Homer In 9th

Sports Whirled

East Liverpool's Earl Diddle played for the Sharon Buchtel Sporting Goods team last week in the Sharon Hoyle Club independent basketball tournament.

Diddle's team lost in the championship game to a team from Buffalo, N.Y., In the three wins and the loss, Diddle said he didn't take a shot, and was 0 for 1 from the foul line. "When you have two All-Americans in the lineup, you don't have to shoot", the Potter ace reported. The players to whom Diddle was referring were 6-6 Denny Wuycik of Ambridge and 6-5 John Fraley of Middletown. Also playing for Buchtel were 6-7 Greg Latin of Serra Catholic in McKeesport and Terry Greene of Sharon. Fraley was the top scorer on the team. With Buchtel presenting this stellar lineup, it makes you wonder what All-Americans were playing for the Buffalo entry.

Diddle reports he has 65 college offers. He has visited Guilford in North Carolina and is contemplating a trip to Brigham Young in Utah.

Fraley and Randy Smith of champion Columbus East have been named to the South team in the North-South all-star game at Marion June 22. Diddle, John Kennedy of Springfield Local and Al Vilcheck of Euclid are some of the North stars.

Fraley was the only Ohio player named as a high school basketball All-American by Scholastic Magazine. He made the fourth team. Wuycik made the second team and Wilbert Robinson of Laurel Highlands the seventh team. Others named who participated in the Dapper Dan Roundball Classic at Pittsburgh were Tom Riker, Oyster Bay, N. Y., first team; Tom Parker, Collinsville, Ill., fourth team; Ralph Simpson, Detroit, Henry Bacon, Louisville, and Alex Scott, New Haven, Conn., sixth team, and Henry Harris, Boligee, Ala., seventh team.

CONNIE HAWKINS of Pittsburgh Piper will play with the Harlem Globetrotters during the off season. Hawkins played with the Globetrotters between the time he played with the Pittsburgh Rens of the ill-fated American Basketball League and the time he signed with the Pipers.

Veale Victim Of 3-Run Rally

LOS ANGELES (AP) — Bob Veale was the cause of the most embarrassing day Jim Lefebvre has spent in the major leagues, but the Los Angeles Dodger second baseman has managed to gain revenge.

Lefebvre's "longest day" came as a Dodger rookie, three years ago, when Pittsburgh's Veale struck him out four straight times.

"He's the only pitcher who has ever done it to me, so I guess maybe I try just a little harder when he's pitching," Lefebvre said Monday night after his two-run, ninth-inning homer handed Veale and the Pirates a 3-2 setback.

It was one of the toughest games Veale will ever lose. He went into the ninth inning with a one-hit, 2-0 victory close at hand.

Lefebvre will never forget the game against Veale here in 1965. "I didn't think it was possible for anyone to throw as hard as Veale was throwing," Jim recalls.

The game-winning homer Monday night spurred Lefebvre's hopes of bouncing back from a disappointing 1967 season. And it gave a big lift to a Dodger team that, until the ninth inning Monday night, had scored one run in 43 innings this season.

"Darndest team I ever saw," observed veteran left-hander Hank Aguirre, a Dodger newcomer.

"We score in only two of the first 44 innings and still win two of our first five games."

A pinch double by Bob Bailey, a single by Willie Davis and Zoilo Versalles' infield out produced the first of the Dodgers' three ninth-inning runs Monday night. The Lefebvre homer enabled right-hander Bill Singer, 1-1, to conquer Veale.

Singer pitched a six-hitter, struck out six and, in one stretch, retired 19 Pirates in a row. A single by Maury Wills, his stolen base and an error by Lefebvre gave the Bucs an unearned run in the first inning. Jerry May singled home the seventh-inning run that made it 2-0.

HALLER HAS IT. Tom Haller, Los Angeles Dodger catcher, runs into the dugout railing but manages to hang on to a pop foul hit by Willie Stargell of the Pirates. Dodgers nipped Bucs 3-2 in Los Angeles last night. (UPI Telephoto)

Blues, Flyers Fined For Saturday Brawl

By The Associated Press

The St. Louis Blues, Chicago Black Hawks and Los Angeles Kings can take a major step toward the big money Stanley Cup finals tonight. But the Blues and Philadelphia Flyers already have paid a hefty price for their brawl-filled quarter-final series.

St. Louis, Chicago and Los Angeles each lead 3-2 in games in their best-of-seven series against the Flyers, New York Rangers and Minnesota North Stars, respectively. The Blues and Black Hawks will be at home while the Kings will play on the North Stars' ice.

Victories by the three leaders will set up semifinal series matching St. Louis and Los Angeles in the West Division and the Black Hawks against Montreal in the East. The Canadiens swept Boston 4-0 in their opening round set.

Players and coaches of the Blues and Flyers were fined a total of $3,800 Monday by Clarence Campbell, National Hockey League President, for their part in a brawl during last Saturday's sixth game in Philadelphia. Coach Keith Allen of Philadelphia was assessed $500 and Scotty Bowman, the Blues' skipper, was fined $400. In all, 25 players, 13 on the Blues, and 12 on Philadelphia, were fined amounts ranging from $100 to $275.

Players on winning teams in the quarter-finals and semifinals each receive $2,250. The Stanley Cup champions get $3,000 apiece for winning the final round series.

Celtics Stay Alive, Win In Philadelphia

By RALPHNBERNSTEIN
Associated Press Sports Write

PHILADELPHIA (AP) — Sam Jones isn't ready for a rocking chair just yet.

The 34-year-old sharpshooting guard of the Boston Celtics may need a breather now and then, but he's as tough as ever in the clutch. If you don't believe it, ask the Philadelphia 76ers.

Philadelphia was all set Monday night to finish off the Celtics in their best of 7 game Eastern final in the National Basketball Association. The 76ers led 3-1 and were at home before a sellout crowd of 15,202. Everything pointed to a Boston fade out.

Something went wrong with the script. Boston won 122-104. Old and tired Sam Jones fired in 37 points.

"When you're down 3-1," said Old Sam after he finished shooting up the 76ers, "You just pull up your socks and get the job done."

Jones connected on 15 of 27 from the field and threw a natural at the foul line—7 for 11. He broke the back of the team he describes as the strongest physically he's ever seen.

So, the series headed back to Boston for the sixth game Wednesday night. A seventh, if necessary is slated for Philadelphia Friday night.

Jones didn't put down the defending champions all by himself. John Havlicek poured in 29 points and handed out 10 assists.

Pro Boxing League Plans Announced

CHICAGO (AP) — Plans to form a professional boxing league with fighters getting group insurance, pensions and other benefits were unfolded Monday.

Franchises in eight cities including Chicago, Los Angeles, San Francisco, Boston, Louisville, Pittsburgh, Baltimore and Washington, D.C., were announced by sports commentator Jack Drees.

Groups are working in New York, Philadelphia, Atlanta and Miami to become members, revealed Drees, one of the owners of the Chicago franchise.

The organization will be known as the International Boxing League, Inc., and hopes to begin operations this fall.

Boxers will be placed under an annual contract ranging from $8,000 to $15,000," Drees said. "There will be no managers. The contract will be owned by the team for which he competes. Group insurance, pensions plans and other benefits are included."

Each team will carry a squad of 15 fighters, three for each weight division. Teams will compete for divisional championships with champions meeting for the league title. All bouts will be six rounds.

Eclipses Governor

Goalby Welcomed Home After Masters Victory

By CHARLIE BAROUH
Associated Press Sports Writer

ST. LOUIS (AP) — Gov. Lester Maddox of Georgia got off the plane Monday one step ahead of Bob Goalby. But Maddox is only a governor, and Goalby is Masters champion, so the crowd wasn't interested in the governor.

Goalby was returning to his Belleville, Ill., home, just across the Mississippi River from St. Louis. He had just won the Masters Golf Tournament Sunday when Roberto De Vicenzo signed an incorrect scorecard and blew his tie with Goalby.

Maddox was coming to St. Louis to attend a conference of Democratic governors.

Goalby pocketed a $20,000 check for the victory and could look forward to all the fringe benefits that go with the Masters championship. Some people estimate a golf pro can pick up $1 million for a victory in the Masters.

"I don't think it's really worth that much money," the 38-year-old golfer said. "It might be to a guy like Arnold Palmer, but I doubt it's worth that much to other guys. In any case, I don't know what I'm going to do. I'll just have to wait and see what happens.

"I was elated with the outcome of the Masters, of course, though I'm sorry about what happened to Roberto," Goalby added. "But that's really secondary. I have to look at it from my point of view.

"Players score the wrong score cards every week. It usually doesn't happen to one of the players at the top and never in a tournament as big as the Masters.

"I was paired with Roberto Saturday and he went through his card a lot quicker than I did," the Illinois University graduate recalled. "I'm very careful with my card. He barely looked at his.

"But I don't think the rules should be changed," Goalby contended. "I don't mean that I necessarily agree with all of them, but they make the rules and I play by them."

Brundage Pays Visit To S. Africa

JOHANNESBURG, South Africa (AP) — The reason behind the surprise visit to South Africa of Avery Brundage, International Olympic Committee president, was still a secret today.

However, Frank Braun, president of the South African Olympic Games Association, has made it clear that he believes South Africa should not withdraw from the Games in Mexico City next October.

Braun said that any decision on the issue would have to come from the association's executive committee as a body. The executive committee was scheduled to meet Tuesday night.

Brundage planned to fly to Lausanne, Switzerland where an IOC executive meeting will be held Saturday.

The meeting was requested by the organizing committee of the Mexico City Games, scheduled for Oct. 12-27. The executive board can either call for a general meeting of the IOC or call for another mail vote.

Cokes Picked To Retain Welter Title

DALLAS, Tex. (AP) — Welterweight champion Curtis Cokes and challenger Willie Ludick of South Africa expect to weigh in at around 146 pounds each for their 15-round title fight tonight.

The fight starts at 9:08 p.m. (CST) at which time television over 28 stations in the nation will start.

There will be no radio coverage.

Most observers look for the bout to go the full 15 rounds, with Cokes favored about 9 to 5 to win and retain his title in his fourth defense of the crown since he won it in 1966.

Astros Edge Mets 1-0 In 24-Inning Marathon

By RON RAPOPORT
Associated Press Sports Writer

Rusty Staub said things started getting pretty funny around the 17th inning. Roy Hofheinz officially sanctioned the humor of the situation five innings later.

Two innings before the longest night game in major league history ended in the Astrodome Monday night with Houston a 1-0 victor over the New York Mets — who else — the following legend appeared on Astros' owner Hofheinz' psychedelic scoreboard:

"The judge says he's ready to go to bed . . . let's score a run."

"After about the 17th inning, everything sort of got funny," said Staub, who batted nine times in the six-hour, six-minute contest. The game outlasted by two innings the longest night game played previously, a 6-5 American League victory for Washington over Chicago last year.

"That was a three-package-of-tobacco game, and I've just got one chew left," said catcher-coach Buddy Hancken of the Astros.

The game mercifully came to an end in typical Metsian fashion, with an error letting in the run after eight pitchers had battled valiantly to preserve the scoreless deadlock.

In the only other National League games played, Los Angeles rallied heroically to beat Pittsburgh 3-2 and St. Louis topped Atlanta 4-3 in 10 innings

Shortstop Al Weis let a grounder off the bat of Bob Aspromonte go through his legs and that sent in Norm Miller, who led off with a single and advanced on a balk by Les Rohr and an infield out.

"No, it didn't take a bad hop," said Weis afterwards. "I just blew it. It went right through my legs."

Tom Seaver was the first of the Met hurlers, giving up just two hits in 10 innings and retiring 22 batters in a row after the third inning.

Don Wilson did almost as well in the first nine innings for Houston, but was long gone by the time Wade Blasingame, the fifth Houston pitcher, was officially declared the winner.

The Dodgers won in a finish that would have made a writer of juvenile sports fiction blush. Bob Beale was breezing along on a one-hitter into the ninth, but Jim Lefebvre's two-out, two-run homer beat him.

The first Los Angeles run of the inning, scoring on an infield out, was only the second scored in 44 innings this season. Until then, the Dodgers seemed likely to absorb their fourth shutout defeat in the five-game-old season.

Bill Singer, who gave up only six hits himself, and retired 19 batters in a row at one stretch, was the winner. Veale didn't allow a hit until the fifth when Rocky Colavito singled.

And in yet another last-inning finish, Johnny Edwards came up with a pinch single that drove in the winning run for the Cards. Pat Jarvis and Bob Gibson had dueled 1-1 into the seventh when Hank Aaron's homer gave Atlanta a one-run bulge.

But Roger Maris drove in two runs in the eighth for the Cards with a double and not till Dal Maxvill singled in the 10th and rode home on Edwards' single was the game decided.

Hot Twins Win 5th In Row

By DICK COUCH
Associated Press Sports Writer

Spring has been a little late this year in Minnesota, but a heat wave is on the way.

Big Bob Allison and the torrid Twins are coming home.

While temperatures hovered around the freezing mark in Minneapolis-St. Paul Monday night, Allison continued his early-season hitting binge with two doubles and a triple at Baltimore as the unbeaten Twins whipped the Orioles 6-3 for their fifth straight road victory.

Allison led American League hitters with a .550 average and the Twins topped the AL standings as they headed back to Minnesota for Wednesday's home opener against Washington.

The Senators blanked California 7-0 behind Camilo Pascual's six-hit, nine-strikeout pitching and the Oakland A's downed the New York Yankees 6-3 in American League day games. Detroit and Boston were rained out and Cleveland and Chicago were not scheduled.

Allison doubled in the second inning, tripled in the fourth and doubled again in the sixth—giving him eight hits in nine at-bats—before going out in his last two trips to the plate. The former Kansas fullback, who drove in one run and scored two, has gone 11-for-20 over-all, with four doubles, one triple and one homer.

Right-hander Dave Boswell overcame a shaky start and held the Orioles to four hits. Tony Oliva's seventh inning single broke a 3-3 tie and Harmon Killebrew singled home two insurance runs in the ninth.

At Washington, Pascual became the only active American League pitcher to reach the 2,000 strikeout mark when he fanned the Angels' Chuck Hinton in the fourth inning.

The 34-year-old right-hander, who missed the last three weeks of the 1967 season after breaking his left ankle in a game to California, finished the day with a total of 2,007 strikeouts and the 33rd shutout of his career.

Ken McMullen and Sam Bowens homered for the Senators who wrapped up the victory with a five-run burst in the fifth.

Ramon Webster drilled a triple and homer, driving in three runs, and rookie Reggie Jackson delivered two more with a double and homer as the A's pounded Yankee ace Mel Stottlemyre.

John "Blue Moon" Odom checked New York on five hits until the ninth, when Tom Tresh clipped him for a two-run homer.

Camilo Pascual Gets 2,000th Strikeout

WASHINGTON (AP) — Camilo Pascual has a ball commemorating his 2,000th strikeout and the Senator's pitcher will also treasure it as a reminder of his 33rd shutout, which keeps him on top of the American League pitchers. He is six ahead of Dean Chance of Minnesota.

Pascual fanned nine as the Senators beat the Californca Angels 7-0 Monday and Chuck Hinton, his second victim, gave Pascual his 2,000th strikeout. Don Drysdale of the Los Angeles Dodgers and Jim Bunning of the Pittsburgh Pirates, both in the National League, are the only other active major league pitchers with over 2,000 strikeouts. Pascual was the 19th man in major league history to accomplish the feat.

The 34-year-old right-hander had his eye on the 2,000 figure with a month to go last season but broke his ankle September 12 and did not pitch again until opening day this year.

STP Turbines Not Entered At Indy Race

INDIANAPOLIS, Ind. (AP) — The field for the Indianapolis 500-mile race stands at 55, but six STP turbine cars remain unentered with entry deadline at midnight Monday.

Four cars were entered Sunday for the Memorial Day race, with veterans Ronnie Duman and Bud Tingelstad, both of Indianapolis, assigned to drive two of the cars.

The three cars have turbocharged Offenshauser engines.

The fourth entry was a Ford-powered car entered by Ken Breen of Warren, N.J. No driver was assigned.

The status of the turbines hasn't changed since April 5 when a federal judge rejected a plea by Studebaker's STP Division to order the U.S. Auto Club to restore its 1967 rules on turbine-powered cars.

The STP turbine car driven by Parnelli Jones was running away with last year's 500 when a bearing failed less than 10 miles from the finish.

USAC later reduced the maximum effective air intake for a turbine engine, in effect banning the STP turbine. USAC said the move was to make the turbine more competitive with piston engine cars.

Peugeot Wins East African Motor Rally

NAIROBI, Kenya (AP) — Bigniew Nowicki and Patrick Cliff of Kenya didn't finish first but they turned out to be the best of the seven teams that completed the gruelling 16th East African Safari Motor Rally.

Peter Huth and Ian Grant of Kenya finished first by 15 minutes Monday, but Nowicki and Cliff won on points.

The winners, both car sales managers, gave Peugeot its third straight victory. Nowicki, who has driven in all 16 safaris, also won in 1963.

Huth and Grant completed the 3,075-mile, four-day grind through the mountains of Kenya, Uganda and Tanzania in a Ford Lotus Cortina that no longer had a clutch and whose windshield was held fast by string.

DiMaggio Returns In Enemy Uniform

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Joe DiMaggio's old No. 5 has been retired for all time at Yankee Stadium. A chunk of the Yankee Clipper's pinstriped uniform hangs in a place of honor with Babe Ruth's No. 3 and Lou Gehrig's No. 4.

But DiMaggio was back in action at the big Stadium Monday afternoon, wearing the Kelly green and Fort Knox gold uniform of the Oakland Athletics. He had the white kangaroo shoes, too, and the familiar No. 5 was on his back.

It wasn't exactly a fit day for a homecoming for an old hero. A Monday afternoon, clouds hanging low and only a few fans (8,579) in the stands.

Joe D. stood near the batting cage, shaking hands with old friends and talking about his new job as executive vice president and coach for the transplanted A's.

"The most heartwarming thing that happened to me," DiMaggio said, "was the way all the old employees come up to me and wished me luck."

How did DiMaggio feel, pulling against the Yanks after all those years on the other side?

"Look, I know all these kids or 90 per cent of them. Mickey is a great guy. He's an old friend, and I hope he plays for years and hits plenty—but not against our club."

If it seems strange to old Yankee fans that a folk hero comes back to town in an enemy uniform, don't blame Joe D. When a fellow asked Joe how close he had been to returning to the Yanks, he shook his head and said: "Nobody ever asked me."

New Record Set At Club's Range

A range record was set Saturday when the first 50 clay pigeons were broken during the protector shoot of the Columbiana County Fish and Game Protective Association — and then matched during competition Sunday, Paul Saling, club president, reported.

Mrs. Alfred (Bonnie Lee) Cochran hit 25 straight Sunday to set a record for women on the 25-yard range. She went on to hit the 26th bird, but missed the 27th, Saling added.

Winners of the protector shoots were Terry Zaplata and Jack Wilson, Terry Zaplata and Joe Brown and Ray Thompson and Alfred Cochran, with two wins, followed by Earl Burlingame and Orie Wells, Red Thompson and Ron Cochran and Jim Czech and Dave Claypool with one win each.

Bill Cochran, Zaplata and Norm Rambo each chalked up two wins during the 10 target shoots and with one each were George Hercules, Glen Ramsey and Wayne Cochran.

Honors for the women's 10-target event went to Bonnie Lee Cochran with two wins and Darlene Cochran with one.

Ray Thompson outshot 15 others to win the Annie Oakley shoot.

Gail and Blaine McIntosh were winners of the protector shoot Wednesday, not Gail and Blaine Cochran as previously reported.

Night TV Of Football Increasing

NEW YORK (AP) — The tide seems to be turning toward televising nationally college football games on Saturday nights.

The meeting of Alabama's Crimson Tide and the Miami, Fla. Hurricanes on Nov. 16 will be one of two nationally televised on Saturday nights next season, it was announced Monday by ABC-TV in releasing its schedule.

The other will be the Southern California-UCLA game on Nov. 23, although this one will be seen at night for only part of the country because it is scheduled to start at 6 p.m., EST.

In all, a total of 35 games will be telecast by ABC, 11 nationally and 24 regionally. The first game on the screens will be between Georgia and Tennessee on Sept. 14, and it'll go nationally.

Waterford 10-10 Double Pays $1,233

Monday was the deadline for filing and also paying income tax, a day dreaded by many. For 16 fans at Waterford Park last night the burden was lessened. They had the 10-10 combination in the daily double and it paid $1,233.80, the largest single return of the 1968 season.

The winners were Hill Of Beans and Claymond Su, each registering their first victories of the year. For Hill Of Beans it was her first of her brief racing career. She is a three-year-old. As a juvenile last year she did not race. This year she started three times prior to Monday and was out of the money on each occasion.

Claymond Su, winner of two races in 1967, was making the second start of her 1968 racing.

Hill Of Beans provided the big punch in delivering the high return. She paid $87.60 to win, $36.40 to place, and $10.00 to show. Raymond Nakama, the Hawaiian boy jockey, was aboard. Claymond Su paid $20.00 to win after apprentice rider Mike Fetters brought her home first. Both of the daily double races were over the six furlong route.

Claymond Su came from off the pace to nip This And That at the wire. Hill Of Beans won off by herself.

Of the 16 fans who backed that combination, 15 had $2 tickets. There was one $10 ticket sold.

A post holiday crowd of 3,500 was on hand to see the long shots come home.

No. 10 Horses Hot

The number 10 horses at Waterford Park last night were on a winning rampage. There were only four races which had 10 horses in them and No. 10 won three of them, the first, Hill of Beans (87.60); the second, Claymond Su (20.00); and fourth, Rocky Way (9.00). Wild Appeal in the sixth race was the only other horse wearing the No. 10 saddle cloth and he finished out of the money.

Expansion Meeting Set Friday

CINCINNATI (AP) — The National League will consider when it will expand from 10 to 12 baseball teams and set down guidelines for determining expansion procedure at a meeting in Chicago Friday.

But League President Warren Giles said here Saturday that he expects no major action to be taken on any subject or "final decisions, I am sure."

But Giles said the league expansion committee will present ground rules to six cities—two combined—seeking franchises and will also discuss player allocation.

Montreal, Dallas-Fort Worth Buffalo, Milwaukee and San Diego have applied for a franchise but Giles said they will have to meet certain conditions before they can be eligible for one.

Cleveland To Host Davis Cup Matches

CLEVELAND (AP) — Cleveland will host the Davis Cup interzone matches for the first time this summer.

Mayor Carl B. Stokes announced Monday the matches will be held at Harold Clark Stadium in Cleveland Heights the first or second weekend in August.

Davis Cup zone matches have been held here four times since 1960, but this is the first time for the interzone matches.

The United States is expected to meet either Spain or Italy in the August competition. The strong Spanish team is favored to win in European zone play, and the U.S. team is favored in American zone play May 3-5 at Richmond, Va.

Buccelli Wins Canfield Oval Feature Race

Frank Buccelli of Mineral Ridge and Bill Larson of Youngstown won feature victories as Canfield Speedway opened the season before the second largest opening night crowd in the 23-year history of stock car racing here.

Buccelli started in the pole position and kept his 1962 Chevy out in front all the way to beat out Paul Miller of Youngstown and Pittsburgher Herb Scott in the 30-lap late model finale.

Larson, starting in 8th position, took the lead on the 8th lap and stayed on top the rest of the way to gain the 20-lap stock division feature. Last year's champ, Tom Lanterman of Youngstown, was second with 1966 champ Jim Becker of New Bedford, Pa. third.

Two cars rolled to spice the card. Jim Seibert of Leavittsburg flipped his 1950 Dodge in the first heat event while Bill Clark of East Palestine rolled and landed on his roof in the feature.

3 Area Shooters Get High Scores

Three area men placed high in the registered trapshoot Sunday at Lowellville.

Lantford Blevins of East Liverpool won high gun at 16 yards by breaking 95 out of 100. Ray Thompson Jr. of Lisbon was second in the handicap division with 92 of 100 and John F. McIntosh of Wellsville, with 91 of 100, placed third in the handicap division won by George Bailey of Salem with 93.

The Columbiana County Fish and Game Association will hold its first registered shoot at the range on the Elkton Rd. April 28.

Robin Roberts gave up 502 home runs in his career, a major league record.

BATTING — Jim Lefebvre, Dodgers, smacked a two-run ninth inning homer off Pittsburgh's Bob Veale to give Los Angeles a 3-2 victory over the Pirates.

Hot Twins Win 5th In Row

By DICK COUCH
Associated Press Sports Writer

Spring has been a little late this year in Minnesota, but a heat wave is on the way.

Big Bob Allison and the torrid Twins are coming home.

While temperatures hovered around the freezing mark in Minneapolis-St. Paul Monday night, Allison continued his early-season hitting binge with two doubles and a triple at Baltimore as the unbeaten Twins whipped the Orioles 6-3 for their fifth straight road victory.

Allison led American League hitters with a .550 average and the Twins topped the AL standings as they headed back to Minnesota for Wednesday's home opener against Washington.

The Senators blanked California 7-0 behind Camilo Pascual's six-hit, nine-strikeout pitching and the Oakland A's downed the New York Yankees 6-3 in American League day games. Detroit and Boston were rained out and Cleveland and Chicago were not scheduled.

Allison doubled in the second inning, tripled in the fourth and doubled again in the sixth—giving him eight hits in nine at-bats—before going out in his last two trips to the plate. The former Kansas fullback, who drove in one run and scored two, has gone 11-for-20 over-all, with four doubles, one triple and one homer.

Right-hander Dave Boswell overcame a shaky start and held the Orioles to four hits. Tony Oliva's seventh inning single broke a 3-3 tie and Harmon Killebrew singled home two insurance runs in the ninth.

At Washington, Pascual became the only active American League pitcher to reach the 2,000 strikeout mark when he fanned the Angels' Chuck Hinton in the fourth inning.

The 34-year-old right-hander, who missed the last three weeks of the 1967 season after breaking his left ankle in a game to California, finished the day with a total of 2,007 strikeouts and the 33rd shutout of his career.

Ken McMullen and Sam Bowens homered for the Senators who wrapped up the victory with a five-run burst in the fifth.

Ramon Webster drilled a triple and homer, driving in three runs, and rookie Reggie Jackson delivered two more with a double and homer as the A's pounded Yankee ace Mel Stottlemyre.

John "Blue Moon" Odom checked New York on five hits until the ninth, when Tom Tresh clipped him for a two-run homer.

Camilo Pascual Gets 2,000th Strikeout

WASHINGTON (AP) — Camilo Pascual has a ball commemorating his 2,000th strikeout and the Senator's pitcher will also treasure it as a reminder of his 33rd shutout, which keeps him on top of the American League pitchers. He is six ahead of Dean Chance of Minnesota.

Pascual fanned nine as the Senators beat the Californca Angels 7-0 Monday and Chuck Hinton, his second victim, gave Pascual his 2,000th strikeout. Don Drysdale of the Los Angeles Dodgers and Jim Bunning of the Pittsburgh Pirates, both in the National League, are the only other active major league pitchers with over 2,000 strikeouts. Pascual was the 19th man in major league history to accomplish the feat.

The 34-year-old right-hander had his eye on the 2,000 figure with a month to go last season but broke his ankle September 12 and did not pitch again until opening day this year.

DiMaggio Returns In Enemy Uniform

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — Joe DiMaggio's old No. 5 has been retired for all time at Yankee Stadium. A chunk of the Yankee Clipper's pinstriped uniform hangs in a place of honor with Babe Ruth's No. 3 and Lou Gehrig's No. 4.

But DiMaggio was back in action at the big Stadium Monday afternoon, wearing the Kelly green and Fort Knox gold uniform of the Oakland Athletics. He had the white kangaroo shoes, too, and the familiar No. 5 was on his back.

It wasn't exactly a fit day for a homecoming for an old hero. A Monday afternoon, clouds hanging low and only a few fans (8,579) in the stands.

Joe D. stood near the batting cage, shaking hands with old friends and talking about his new job as executive vice president and coach for the transplanted A's.

"The most heartwarming thing that happened to me," DiMaggio said, "was the way all the old employees come up to me and wished me luck."

How did DiMaggio feel, pulling against the Yanks after all those years on the other side?

"Look, I know all these kids or 90 per cent of them. Mickey is a great guy. He's an old friend, and I hope he plays for years and hits plenty—but not against our club."

If it seems strange to old Yankee fans that a folk hero comes back to town in an enemy uniform, don't blame Joe D. When a fellow asked Joe how close he had been to returning to the Yanks, he shook his head and said: "Nobody ever asked me."

Night TV Of Football Increasing

NEW YORK (AP) — The tide seems to be turning toward televising nationally college football games on Saturday nights.

The meeting of Alabama's Crimson Tide and the Miami, Fla. Hurricanes on Nov. 16 will be one of two nationally televised on Saturday nights next season, it was announced Monday by ABC-TV in releasing its schedule.

The other will be the Southern California-UCLA game on Nov. 23, although this one will be seen at night for only part of the country because it is scheduled to start at 6 p.m., EST.

In all, a total of 35 games will be telecast by ABC, 11 nationally and 24 regionally. The first game on the screens will be between Georgia and Tennessee on Sept. 14, and it'll go nationally.

Waterford 10-10 Double Pays $1,233

Monday was the deadline for filing and also paying income tax, a day dreaded by many. For 16 fans at Waterford Park last night the burden was lessened. They had the 10-10 combination in the daily double and it paid $1,233.80, the largest single return of the 1968 season.

The winners were Hill Of Beans and Claymond Su, each registering their first victories of the year. For Hill Of Beans it was her first of her brief racing career. She is a three-year-old. As a juvenile last year she did not race. This year she started three times prior to Monday and was out of the money on each occasion.

Claymond Su, winner of two races in 1967, was making the second start of her 1968 racing.

Hill Of Beans provided the big punch in delivering the high return. She paid $87.60 to win, $36.40 to place, and $10.00 to show. Raymond Nakama, the Hawaiian boy jockey, was aboard. Claymond Su paid $20.00 to win after apprentice rider Mike Fetters brought her home first. Both of the daily double races were over the six furlong route.

Claymond Su came from off the pace to nip This And That at the wire. Hill Of Beans won off by herself.

Of the 16 fans who backed that combination, 15 had $2 tickets. There was one $10 ticket sold.

A post holiday crowd of 3,500 was on hand to see the long shots come home.

No. 10 Horses Hot

The number 10 horses at Waterford Park last night were on a winning rampage. There were only four races which had 10 horses in them and No. 10 won three of them, the first, Hill of Beans (87.60); the second, Claymond Su (20.00); and fourth, Rocky Way (9.00). Wild Appeal in the sixth race was the only other horse wearing the No. 10 saddle cloth and he finished out of the money.

Buccelli Wins Canfield Oval Feature Race

Frank Buccelli of Mineral Ridge and Bill Larson of Youngstown won feature victories as Canfield Speedway opened the season before the second largest opening night crowd in the 23-year history of stock car racing here.

Buccelli started in the pole position and kept his 1962 Chevy out in front all the way to beat out Paul Miller of Youngstown and Pittsburgher Herb Scott in the 30-lap late model finale.

Larson, starting in 8th position, took the lead on the 8th lap and stayed on top the rest of the way to gain the 20-lap stock division feature. Last year's champ, Tom Lanterman of Youngstown, was second with 1966 champ Jim Becker of New Bedford, Pa. third.

Two cars rolled to spice the card. Jim Seifert of Leavittsburg flipped his 1950 Dodge in the first heat event while Bill Clark of East Palestine rolled and landed on his roof in the feature.

3 Area Shooters Get High Scores

Three area men placed high in the registered trapshoot Sunday at Lowellville.

Lantford Blevins of East Liverpool won high gun at 16 yards by breaking 95 out of 100. Ray Thompson Jr. of Lisbon was second in the handicap division with 92 of 100 and John F. McIntosh of Wellsville, with 91 of 100, placed third in the handicap division won by George Bailey of Salem with 93.

The Columbiana County Fish and Game Association will hold its first registered shoot at the range on the Elkton Rd. April 28.

Robin Roberts gave up 502 home runs in his career, a major league record.

STP Turbines Not Entered At Indy Race

INDIANAPOLIS, Ind. (AP) — The field for the Indianapolis 500-mile race stands at 55, but six STP turbine cars remain unentered with entry deadline at midnight Monday.

Four cars were entered Sunday for the Memorial Day race, with veterans Ronnie Duman and Bud Tingelstad, both of Indianapolis, assigned to drive two of the cars.

The three cars have turbocharged Offenshauser engines.

The fourth entry was a Ford-powered car entered by Ken Breen of Warren, N.J. No driver was assigned.

The status of the turbines hasn't changed since April 5 when a federal judge rejected a plea by Studebaker's STP Division to order the U.S. Auto Club to restore its 1967 rules on turbine-powered cars.

The STP turbine car driven by Parnelli Jones was running away with last year's 500 when a bearing failed less than 10 miles from the finish.

USAC later reduced the maximum effective air intake for a turbine engine, in effect banning the STP turbine. USAC said the move was to make the turbine more competitive with piston engine cars.

Peugeot Wins East African Motor Rally

NAIROBI, Kenya (AP) — Bigniew Nowicki and Patrick Cliff of Kenya didn't finish first but they turned out to be the best of the seven teams that completed the gruelling 16th East African Safari Motor Rally.

Peter Huth and Ian Grant of Kenya finished first by 15 minutes Monday, but Nowicki and Cliff won on points.

The winners, both car sales managers, gave Peugeot its third straight victory. Nowicki, who has driven in all 16 safaris, also won in 1963.

Huth and Grant completed the 3,075-mile, four-day grind through the mountains of Kenya, Uganda and Tanzania in a Ford Lotus Cortina that no longer had a clutch and whose windshield was held fast by string.

Fight Results

KENNEWICK, Wash. — Bill Schellhas, 191, Renton, Wash., outpointed Charley Reno, 235, Riverside, Calif., 10; Larry Buck, 170½, Toppenish, Wash., stopped George Thomas, 175, Oakland, 7.

New Record Set At Club's Range

A range record was set Saturday when the first 50 clay pigeons were broken during the protector shoot of the Columbiana County Fish and Game Protective Association — and then matched during competition Sunday, Paul Saling, club president, reported.

Mrs. Alfred (Bonnie Lee) Cochran hit 25 straight Sunday to set a record for women on the 25-yard range. She went on to hit the 26th bird, but missed the 27th, Saling added.

Winners of the protector shoots were Terry Zaplata and Jack Wilson, Terry Zaplata and Joe Brown and Ray Thompson and Alfred Cochran, with two wins, followed by Earl Burlingame and Orie Wells, Red Thompson and Ron Cochran and Jim Czech and Dave Claypool with one win each.

Bill Cochran, Zaplata and Norm Rambo each chalked up two wins during the 10 target shoots and with one each were George Hercules, Glen Ramsey and Wayne Cochran.

Honors for the women's 10-target event went to Bonnie Lee Cochran with two wins and Darlene Cochran with one.

Ray Thompson outshot 15 others to win the Annie Oakley shoot.

Gail and Blaine McIntosh were winners of the protector shoot Wednesday, not Gail and Blaine Cochran as previously reported.

Expansion Meeting Set Friday

CINCINNATI (AP) — The National League will consider when it will expand from 10 to 12 baseball teams and set down guidelines for determining expansion procedure at a meeting in Chicago Friday.

But League President Warren Giles said here Saturday that he expects no major action to be taken on any subject or "final decisions, I am sure."

But Giles said the league expansion committee will present ground rules to six cities—two combined—seeking franchises and will also discuss player allocation.

Montreal, Dallas-Fort Worth Buffalo, Milwaukee and San Diego have applied for a franchise but Giles said they will have to meet certain conditions before they can be eligible for one.

Cleveland To Host Davis Cup Matches

CLEVELAND (AP) — Cleveland will host the Davis Cup interzone matches for the first time this summer.

Mayor Carl B. Stokes announced Monday the matches will be held at Harold Clark Stadium in Cleveland Heights the first or second weekend in August.

Davis Cup zone matches have been held here four times since 1960, but this is the first time for the interzone matches.

The United States is expected to meet either Spain or Italy in the August competition. The strong Spanish team is favored to win in European zone play, and the U.S. team is favored in American zone play May 3-5 at Richmond, Va.

Larry Mowry Wins Rebel Yell Golf

KNOXVILLE, Tenn. (AP) — Larry Mowry beat Chris Blocker in a sudden-death playoff Sunday and won the $20,000 Rebel Yell Open Golf Tournament after both had finished 72 holes with a nine-under-par 279.

ORDINANCE NUMBER 21, 1968
AN ORDINANCE AMENDING SECTIONS 173.05, 173.06 and 173.07 OF THE CODIFIED ORDINANCES OF THE CITY OF EAST LIVERPOOL WHICH ESTABLISH OFFICIAL HOLIDAYS FOR CITY EMPLOYEES.

WHEREAS, The Codified Ordinances of the City of East Liverpool, Ohio, do contain the following sections which are herein expressly set forth:

SECTION 173.05 HOLIDAY PAY FOR HOURLY EMPLOYEES
In addition to other vacations provided for in this chapter, employees of the City employed on an hourly basis and for one continuous year immediately preceding any of the days set forth below shall receive the equivalent of wages for an eight-hour day for New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day, if not worked. Whenever it is necessary for such employees to work on any of the above described days, they shall receive the usual hourly wages for time actually worked in addition to the above vacation pay. All other employees employed on an hourly basis, whenever it is necessary for them to work on the above described days, shall receive double time pay therefor.

SECTION 173.06 HOLIDAY PAY FOR SALARIED EMPLOYEES.
Whenever it is necessary that salaried employees of the City work on New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day, they shall receive, in addition to their regular pay, an amount to be computed by dividing the monthly salary of each employee by 182 per hour for each hour worked.

SECTION 173.07 HOLIDAY EMPLOYMENT.
The necessity for employment by City employees on New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day shall be determined by the Director of Public Service-Safety or the Mayor, or the President of Council in the absence of the Mayor, before such work is undertaken.

AND WHEREAS, the aforementioned sections should be amended to conform with subsequent amended ordinances, specifically, to-wit: Ordinances 11 and 12, 1968.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:

SECTION 1. That Section 173.05 of the Codified Ordinances of the City of East Liverpool, Ohio, be hereby amended, and which amended Section is hereby ordained to read as follows:

SECTION 173.05 HOLIDAY PAY FOR HOURLY EMPLOYEES.
In addition to other vacations provided for in this chapter, employees of the City employed on an hourly basis and for one continuous year immediately preceding any of the days set forth below shall receive the equivalent of wages for an eight-hour day for New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day or Christmas Day, if not worked. Whenever it is necessary for such employees to work on any of the above described days, they shall receive the usual hourly wages for time actually worked in addition to the above vacation pay. All other employees employed on an hourly basis, whenever it is necessary for them to work on the above described days, shall receive double time pay therefor.

SECTION 2. That Section 173.06 of the Codified Ordinances of the City of East Liverpool, Ohio, be hereby amended, and which amended Section is hereby ordained to read as follows:

SECTION 173.06 HOLIDAY PAY FOR SALARIED EMPLOYEES.
Whenever it is necessary that salaried employees of the City work on New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day or Christmas Day, they shall receive, in addition to their regular pay, an amount to be computed by dividing the monthly salary of each employee by 182 per hour for each hour worked.

SECTION 3. That Section 173.07 of the Codified Ordinances of the City of East Liverpool, Ohio, be hereby amended, and which amended Section is hereby ordained to read as follows:

SECTION 173.07 HOLIDAY EMPLOYMENT.
The necessity for employment by City employees on New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day or Christmas Day shall be determined by the Director of Public Service-Safety or the Mayor, or the President of Council in the absence of the Mayor, before such work is undertaken.

SECTION 4. That Sections 173.05, 173.06 and 173.07 be hereby repealed.

SECTION 5. This Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, welfare and safety the emergency being the necessity for now providing a clearly defined schedule of vacations for the various employees of the City in accordance with Ordinances 11 and 12, 1968. This Ordinance shall thereby take effect and be in force immediately upon its passage and approval.

Passed this 1st day of April, 1968.
NORMAN BUCHER
President of Council

ATTEST:
BETTY J. BERG
Clerk of Council
Approved by the Mayor this 2nd day of April, 1968.

ORDINANCE NUMBER 21, 1968

AN ORDINANCE AMENDING SECTIONS 173.05, 173.06 and 173.07 OF THE CODIFIED ORDINANCES OF THE CITY OF EAST LIVERPOOL WHICH ESTABLISH OFFICIAL HOLIDAYS FOR CITY EMPLOYEES.

WHEREAS, The Codified Ordinances of the City of East Liverpool, Ohio, do contain the following sections which are herein expressly set forth:

SECTION 173.05 HOLIDAY PAY FOR HOURLY EMPLOYEES
In addition to other vacations provided for in this chapter, employees of the City employed on an hourly basis and for one continuous year immediately preceding any of the days set forth below shall receive the equivalent of wages for an eight-hour day for New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day, if not worked. Whenever it is necessary for such employees to work on any of the above described days, they shall receive the usual hourly wages for time actually worked in addition to the above vacation pay. All other employees employed on an hourly basis, whenever it is necessary for them to work on the above described days, shall receive double time pay therefor.
SECTION 173.06 HOLIDAY PAY FOR SALARIED EMPLOYEES.
Whenever it is necessary that salaried employees of the City work on New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day, they shall receive, in addition to their regular pay, an amount to be computed by dividing the monthly salary of each employee by 182 per hour for each hour worked.
SECTION 173.07 HOLIDAY EMPLOYMENT.
The necessity for employment by City employees on New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day shall be determined by the Director of Public Service-Safety or the Mayor, or the President of Council in the absence of the Mayor, before such work is undertaken.
AND WHEREAS, the aforementioned sections should be amended to conform with subsequent amended ordinances, specifically, to-wit: Ordinances 11 and 12, 1968.
NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO:
SECTION 1. That Section 173.05 of the Codified Ordinances of the City of East Liverpool, Ohio, be hereby amended, and which amended Section is hereby ordained to read as follows:
SECTION 173.05 HOLIDAY PAY FOR HOURLY EMPLOYEES.
In addition to other vacations provided for in this chapter, employees of the City employed on an hourly basis and for one continuous year immediately preceding any of the days set forth below shall receive the equivalent of wages for an eight-hour day for New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day or Christmas Day, if not worked. Whenever it is necessary for such employees to work on any of the above described days, they shall receive the usual hourly wages for time actually worked in addition to the above vacation pay. All other employees employed on an hourly basis, whenever it is necessary for them to work on the above described days, shall receive double time pay therefor.
SECTION 2. That Section 173.06 of the Codified Ordinances of the City of East Liverpool, Ohio, be hereby amended, and which amended Section is hereby ordained to read as follows:
SECTION 173.06 HOLIDAY PAY FOR SALARIED EMPLOYEES.
Whenever it is necessary that salaried employees of the City work on New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day or Christmas Day, they shall receive, in addition to their regular pay, an amount to be computed by dividing monthly salary of each employee by 182 per hour for each hour worked.
SECTION 3. That Section 173.07 of the Codified Ordinances of the City of East Liverpool, Ohio, be hereby amended, and which amended Section is hereby ordained to read as follows:
SECTION 173.07 HOLIDAY EMPLOYMENT.
The necessity for employment by City employees on New Year's Day, Washington's Birthday, Memorial Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day or Christmas Day shall be determined by the Director of Public Service-Safety or the Mayor, or the President of Council in the absence of the Mayor, before such work is undertaken.
SECTION 4. That Sections 173.05, 173.06 and 173.07 be hereby repealed.
SECTION 5. This Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, welfare and safety, the emergency being the necessity for now providing a clearly defined schedule of vacations for the various employees of the City in accordance with Ordinances 11 and 12, 1968. This Ordinance shall thereby take effect and be in force immediately upon its passage and approval.
Passed this 1st day of April, 1968.

Amedeo Ulizio, president, said seven brush calls were answered and the group assisted the South Beaver Department in a recent barn fire.

Wednesday, the group will act as host to a Beaver County Relief Association meeting.

The 23rd annual banquet will be held April 27 in the hall. It will be open to junior and senior members.

The next regular meeting will be May 13 at 7:30 p.m.

⁂ ⁂ ⁂

Plans were made for a pancake dinner when the Ohioville Junior Fire Department met in the hall. The dinner will be held May 14 from 5 to 8 p.m.

Committee members in charge are Robert Kidder, Russell Reed, Mike Devich, Jr., Clarence Dawson and John Dawson.

The group assisted with five brush fires and one strutural blaze.

Floyd Kidder and John Mosticone, senior department members, were present.

Wayne Gibson and John Anderson were enrolled as new members.

The group discussed replanting wooded areas which had been burned out in the Industry and Ohioville boroughs. They said any privately - owned area would be considered for replanting with the owner's consent.

The next meeting will be April 23 at 7:30 p.m. in the hall.

Killed InVietnam

WASHINGTON (AP) — Army Cpl. Ricky G. Inlow, son of Mrs. Audrey J. Maxfield, Wilmington, Ohio, has been killed in action in Vietnam, the Defense Department reported Monday.

ANNOUNCEMENTS

2 IN MEMORIAM

In loving remembrance of Harvey W. Kirchner, who passed away 13 years ago, April 16, 1955. Sadly missed by wife, daughter, sons and grandchildren.

In loving memory of my husband, William Simcox, who passed away April 16, 1966. When all is still and silent, And sleep forakes my eyes, My thoughts are in the silent grave, Where my dear husband lies. I have lost my soul's companion, A life linked with my own. And day by day I miss him more, As I walk through life alone. — Wife, Belle.

In loving memory of our mother, LEONA KAUFMAN, who passed away, 4 years ago, April 13, 1964. — Sadly missed by son and daughter-in-law, Myrtle and Joseph Bennett, and daughters, Goldie, Rose, and Alice.

3 CARDS OF THANKS

The family of the late Thelma M. Coburn wish to express their deep and heartfelt gratitude to the many friends and neighbors who gave comfort during the time of bereavement through sympathy and acts of kindness.

Junior Editors Quiz on DIAMONDS

QUESTION: How is a diamond cut for jewelry?

★ ★ ★

ANSWER: A diamond in its raw state is a hard, rough-looking and clouded bit of stone, usually eight-sided. To turn this crude object into the most beautiful and exciting of jewels, highly trained experts must go to work. The dull surface must be polished and little flat facets or sides must be cut, which tend to split the light rays into the different rainbow colors, thus sending out those flashes of pure colored fire which make the diamond so unique and beautiful. A shape often given to a diamond is shown at top. The rough stone has had a piece sawed off. Facets are then ground below until the finished effect is as at right. To grind a diamond, the hardest of substances, one must use a revolving iron wheel coated with diamond dust. The tool in the small picture is holding a diamond against such a wheel. Exact adjustments make it possible to cut just the angle required. In the large picture, a carefully trained Dutch girl is using another kind of tool. She knows exactly what she's doing, for the Dutch city of Amsterdam is a world center for the industry of diamond cutting.

Today In History

By The Associated Press

Today is Tuesday, April 16, the 107th day of 1968. There are 259 days left in the year.

Today's highlight in history:

On this date in 1917, Nikolai Lenin and some 30 other Bolshevik leaders were welcomed in Petrograd after years in exile.

On this date:

In 1533, William I, Prince of Orange, and founder of the Dutch Republic, was born.

In 1789, George Washington left Mount Vernon to be inaugurated as president in New York.

In 1862, Congress abolished slavery in the District of Columbia.

In 1945, President Harry S. Truman made his first presidential address to Congress, dedicating his administration to the ideals of his predecessor, Franklin D. Roosevelt.

In 1947, the explosion of a freighter touched off fires and explosions that destroyed Texas City, Tex., and killed more than 500 persons.

In 1962, the Roman Catholic Archbishop of New Orleans, Joseph F. Rummel, excommunicated three persons for trying to thwart desegregation of parochial schools.

Ten years ago—In an election in South Africa, the ruling nationalist party won a major victory over opposition groups.

Five years ago—Cuba announced that Prime Minister Fidel Castro had been invited to visit the Soviet Union.

One year ago—Astronaut M. Scott Carpenter gave up hope of flying in space again as surgery on a once-broken arm failed.

Verdi's "'Aida'" was first performed at the Grand Opera House in Cairo, Egypt, in 1871.
